## Douglas Transport Crashes; 4 Killed

### IN TEST FLIGHT FOR NAVY; SEEK SABOTAGE CLUE

#### Fell Out Of Control After Take-Off At Los Angeles

Los Angeles, June 1.—(P)—Crash of a great new Douglas DC-5 air transport while on a test flight for the navy killed four employees of the aircraft firm today and sent investigators scurrying for evidence of possible sabotage.

Douglas officials said, however, they found no such indications in their first checks.

Killed in the crash and explosion which followed immediately were test pilot Bug Bogen, William Benson, flight engineer, W. M. Mulvaney, crew chief, and James Jewett, inspector.

An indirect casualty was John Robert McClary, 12, who died of a heart attack as he watched the great ship dive to the ground. His parents said he long had suffered from a weak heart.

The plane, a twin-engine, high-wing type with capacity for 16 passengers, fell out of control shortly after taking off from the Los Angeles airport.

Witnesses said the ship was traveling at high speed as the pilot apparently attempted to "gun" it out of a sideslip. It smashed through a five-foot picket fence into a flower bed, bounced, skidded and ploughed its way nearly a quarter of a mile, strewn wreckage all the way.

Guard wreckage. Douglas police and officials from the nearby city of El Segundo placed guard lines around the demolished craft. The civil aeronautics authority and Douglas officials began an immediate investigation.

Bodies of two victims were tossed from the wreckage. All four still had parachutes strapped to their backs. Watchers reported the craft at no time appeared to have reached an elevation of more than 500 feet.

An airport observer asserted: "The motor sputtered while the plane was still in a takeoff. The pilot tried to recover power at about 300 feet and then started coming down rapidly. The plane struck with tremendous force."

Police Sgt. Frank Chisom of El Segundo, where one of Douglas' two big plants is located, said the big ship "went into a tight vertical bank then started to turn over slightly on its back, crashed and exploded."

The DC-5 is the most modern commercial product of the Douglas plant, its high wing an innovation. Capable of 250 to 280 miles an hour, it is described by company officials as the fastest transport ship built.

## Take 700 Children Off Grounded Ship

Port Dalhousie, Ont., June 1.—(P)—Seven hundred schoolchildren were removed from the grounded pleasure steamship Northumberland today in orderly fashion.

The Northumberland went aground on a sand bar in dense fog in Lake Ontario near Port Weller and all passengers were transferred safely to her sister craft, the Dalhousie City. The grounded vessel then floated free and both boats proceeded to Port Dalhousie.

She was carrying 700 of a party of 1,200 pupils of De La Salle Collegiate of Toronto.

Captain George Childs of the Dalhousie City pulled alongside the Northumberland and the children, without excitement, walked quietly across the gangplank to the rescue vessel.

## Weather

For Jacksonville and vicinity: Partly cloudy and warmer today; scattered thunderstorms tomorrow.

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, last night gave temperatures as high, 82; low 50 and at sunset yesterday, 80.

Illinois—Partly cloudy and warmer Sunday; Monday scattered thunderstorms, somewhat cooler in extreme north.

## Horner Leaves State Capital Unexpectedly

Springfield, Ill., June 1.—(P)—Governor Henry Horner left Springfield unexpectedly by automobile for a secluded estate along the Lake Michigan shore in Winnetka, a Chicago suburb. The departure was not announced until after the governor, who has been seriously ill for more than a year and a half, had left the executive mansion.

He was accompanied only by his traveling secretary, John Casey, and his chauffeur, State Policeman E. D. Van Diver.

It was said here he had leased a private estate along the lake, similar to the Highland Park residence in which he spent about five months last summer. This year he has obtained a lease for at least two months, it was reported.

## ROOSEVELT AND DUCE EXCHANGE NOTES ON WAR

### German-Italian Peace Move Is Expected In Few Days

Rome, June 1.—(P)—A new exchange of messages between President Roosevelt and Premier Mussolini was reported tonight while Italy's warlike motions multiplied, especially near the French border.

The messages, reported by a source usually competent, were described as "courteous" although their exact nature was not divulged.

The impression prevailed in diplomatic circles, however, that the reported exchange had not retarded Italian war measures.

Washington, June 1.—(P)—A German-Italian peace move, backed by an ultimatum that Italy will enter the war unless it is accepted, is expected by well-informed officials to follow the end of the battle in Flanders within a few days.

Reliable Reports. There is no definite information to this effect that any officials can put their fingers on; but their conclusion is formed on the basis of dispatches from highly reliable sources. They believe:

Italy will make the approach to the allies, on behalf, simultaneously, of Germany and of herself. She will lay down a peace proposal in general terms which would presuppose a peace conference to make them detailed and definite.

Mussolini, it is thought, will incorporate in the proposal his own demands on France and England.

Along with the peace offensive will go an ultimatum that, if the offer is not accepted, Italy will enter the war on the side of Germany.

Mussolini will wait until the last remnant of the Anglo-French force in Flanders has been evacuated, wiped out or forced to surrender and then seek to convince the allies that further fighting is useless. This moment is expected to come nearly next week.

Need Quick Victory. The spirit of the Roosevelt administration to multiply aviation production facilities and thus assist the allies is believed here to be convincing Hitler and Mussolini that if the allies are to be beaten it must be done this summer.

A peace such as Hitler and Mussolini would consider offering would be an allied defeat. If the offer should be made and rejected, it is considered certain that Hitler, with Mussolini's assistance, would throw everything he had into the fight in an effort to end it speedily.

Would the allies accept such a peace offer-ultimatum? Analysts here believe not. Although Britain and France have suffered some cruel blows and may receive more before the offer-ultimatum is presented, they know that to accept would be to acknowledge defeat and might open them to a series of increasing demands.

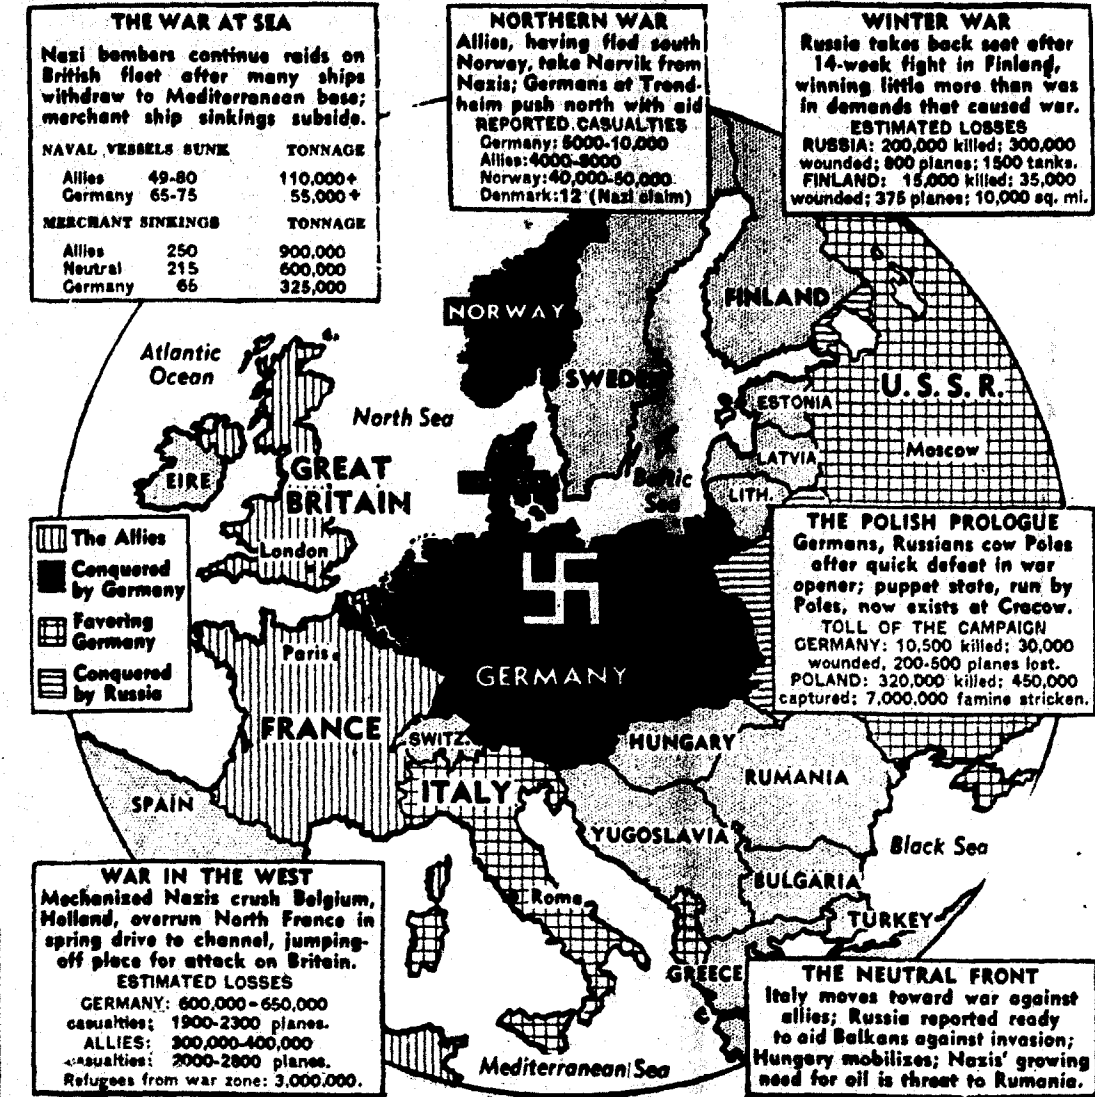

## OMER S. JACKSON

Greenfield, Ind., June 1.—(P)—Omer Stokes Jackson, 58, attorney-general of Indiana, died late today after a heart attack. He was motoring to his farm home near here when stricken.

Jackson was Democratic state chairman when he was appointed attorney general by Gov. Paul V. McNutt on Jan. 1, 1937, a few days before McNutt's term expired.

KILLED BY TRAIN. Lockport, Ill., June 1.—(P)—Irving Corbly, 15-year-old Lockport school boy, was killed today by the Chicago-bound Santa Fe steamliner "Chief" as he was walking along the tracks to go fishing. Train officials estimated the train was traveling 60 miles an hour.

## A NEW VIEW OF EUROPE

## Evidence Hitler Blitzkreig Borrowed From U. S. Plans

Specifications For "Total War" Studied in Washington By Nazi Attache For Six Months; Action Is Parallel

By JOHN LEAR  
Copyright, 1940, by the Associated Press  
Washington, June 1.—There is evidence in the files of the federal government that a substantial part of the plans for Adolf Hitler's blitzkrieg were "borrowed" from the United States.

These plans would answer the most interesting question of the war in the low countries and in France—How have the Germans been able to strike such repeated sledge hammer blows without serious interruption over so long a time?

For these plans are America's plans for mobilization in event we go to war, and they deal up men and machines and every other resource of the nation to win war as swiftly as possible.

They are plans for "total war." They cover every conceivable factor in preparation for battle. Nothing approaching their efficiency had been devised anywhere in the world before the organizing genius of the United States began drawing up 20 years ago.

No treachery—not even clever espionage—is responsible for the fact that the Nazis were aware of them. Available to Allies.

The plans were available also to the English and French, who did not "borrow" them.

I cannot name the source of the following information, but I can vouch for the fact that it is both official and reliable:

(1) Within a year after Hitler came to power in Germany in 1933, the Nazi military attache here began studying the American war mobilization blueprints.

The attache had the right to do so under ordinary diplomatic procedure.

He spent six months making his examination.

(2) Not until a year after he completed his study was the first of the Nazis' national defense laws passed—on May 21, 1935.

(3) The war mobilization system (Continued on Page Twelve)

## ARMY GENERAL BACKS NATIONAL GUARD DEMAND

### Congress Opposition Mounts, However, On FDR Request

Washington, June 1.—(P)— Amid mounting opposition in Congress to President Roosevelt's request for authority to call the national guard to active duty, the army high command contended today that the possibility of "dangerous developments" in this hemisphere made it essential that the request be granted.

General George C. Marshall, the army chief of staff, issued a formal statement supporting the president's proposal after opposition among senators had reached formidable proportions.

Mr. Roosevelt already had authority to call the guard into service, General Marshall said, "but under that call it would be impossible to send any units of the national guard to assist a regular division in any one of the possible situations which might arise in this hemisphere."

Seasoned Troops. "It is necessary that more troops be made available, trained, and seasoned, to enable missions to be carried out without denuding this country of ground troops in a state of sufficient preparation to meet unexpected eventualities in some other direction."

The chief of staff did not say what the possible "dangerous developments" in this hemisphere might be. But Senator Milton of Indiana, the Democratic whip, had expressed belief to newsmen previously that the president might have in mind the possibility of having to occupy British, French and Dutch possessions in the new world if the allies were defeated.

If need for such action arose, Milton said, regular troops would have to be used and the national guard called out to man defenses in the continental United States.

General Marshall's statement failed to quiet criticism of the presidential request among Senate members. On hearing of it, Senator Wheeler (D-Mont.) declared:

"It isn't any wonder that I am getting many telegrams asking if it is the intention of the president and Congress to get us into war when statements are issued indicating it may be necessary between now and the time Congress returns that the national guard be called to active duty."

## JURY CONVICTS RICHARD LECHE OF MAIL FRAUD

### Former Governor Is Accused Of "Deal" For His Profit

Alexandria, La., June 1.—(P)—Richard L. Leche, Louisiana's governor from 1926 until he resigned under fire last June 26, was convicted today of using the mails to defraud the state of \$31,000 and faced a possible maximum sentence of 15 years in prison.

The government charged he pocketed the money through a deal involving the purchase of highway trucks. Sentence was deferred until June 11 to permit arguments on motion for a new trial. The maximum penalty is 3 years in prison and \$1,000 fine on each of the three counts on which he was convicted.

Simultaneously with the conviction, John Roegge, assistant United States attorney general, announced that the federal investigation which has centered on Louisiana for the last ten months and shattered the political machine of the late Huey P. Long now would turn on Michigan.

The verdict against Leche came within thirty minutes after the case had gone to the jury in the first of numerous trials the corrupt former chief executive faces as the result of federal investigations which followed his resignation.

The trial began Monday when L. P. Abernathy, former chairman of the state highway commission under Leche, and George Younger, local motor dealer, pleaded guilty under the indictment in which they were charged jointly with Leche.

The government alleged that Leche through a go-between, James Thomas, ordered Abernathy to purchase state highway department trucks from Younger at excessively high prices, and that Leche received \$31,000 for himself in a "kickback" made by Younger.

Leche denied receipt of the \$31,000 but told the court that he had made about \$500,000 in business deals in which he had invested little or nothing since he became the chief executive.

Roegge, who has successfully prosecuted several other former kingspins of the Long regime, described the \$500,000 Leche income as "lout."

Leche was chosen as a "compromise" candidate for governor from among warring Long lieutenants who sought to perpetuate the machine after the "Kingfish" was killed in Baton Rouge in September, 1928. He was elected with one of the greatest majorities in the state's history.

## The Auto—Modern Gold Mine

Robinson, Ill., June 1.—(P)—The motor vehicle has created \$82,000,000,000 in wages since the turn of the century, Neal Nyland of Detroit, advertising manager of the Plymouth Motor Corp., asserted tonight.

In an address prepared for delivery before the Illinois-Indiana Petroleum Association here, Nyland said the huge gold reserves of the United States, greatest in the world, were only "small change compared to the stream of wages that has poured out from the manufacture and use of motor vehicles in this country."

The mountain of gold is "dwarfed by the 17 billions alone paid out in wages so far to men who built the automobiles and made the glass, steel and rubber that went into them."

In addition, he said, another 65 billions had been paid to men engaged in selling, servicing, repairing and maintaining the vehicles, to truck and bus drivers, road builders and maintenance men and to petroleum refinery workers.

"The petroleum industry and the automobile industry are partners," he said, "x x x And the number of autos we sell and the amount of gasoline sold, in direct consequence, depends on how well and how economically we do our individual jobs."

## German Planes Raid South France Cities

### HITLER LEGIONS RENEW ATTACK AGAINST ALLIES

#### Channel Escape Port And Somme Front Action Points

Paris, June 1.—(P)—A full German force backed by heavy artillery and dive bombers smashed against the last of the allies barricaded in the wreckage of Dunkerque tonight as other Nazi armies to the south strengthened their drive along the Somme.

Clearing skies put the German dive bombers back into the assault at the allied escape port on the English Channel and waves of them blasted at French and British defense positions.

Allied fighter planes swarmed upon them to prevent disruption of the continuing withdrawal of troops. Even so, bombs thundered onto the port and splashed about the little boats loaded with exhausted soldiers.

On the Somme river front the brunt of German attack was shifted from the Abbeville-Amiens sector to points along the upper Somme east of Amiens.

"Sustained" action generally along the front was reported by the French high command. A communique said "two strong German surprise attacks were repulsed."

The German drive was supported by armored divisions apparently pulled from the ebbing battle in Flanders.

Meanwhile, scattered units of the battle-split French rearguard under General Rene Jacques Adolphe Prioux (whose capture was claimed by the Germans) continued to break through to their comrades in Dunkerque's ruins. With them were some Belgians who scorned orders to surrender.

Fate of the rest of the French rearguard, including mechanized units reported trying to fight their way through German lines, was not known in Paris. Military circles made no secret that each hour increased the desperation of their plight.

These last divisions were cut off by strong Nazi units which the French said had moved up heavy artillery and found the range of the defense positions, and the docks from which the allies are embarking.

The Nazi drive along the Somme was aimed southwest.

After more than a week on the defense along the Somme the Germans attacked Friday morning for the first time, using light effectives. They were thrown back.

Late Friday the enemy struck again with dive bombers and medium tanks. Again the French prevailed.

At dawn today the new German attack began along several Somme sectors. It was continuing at nightfall.

## Proof Of Sales Tax 'Fix' Ring Is Asked

Springfield, Ill., June 1.—(P)—Attorney General John E. Cassidy asked Rep. Clinton Searle (R-Rock Island) today to produce proof of his charges that a "sales tax fix ring" operated in Illinois.

Searle, chairman of the House committee investigating state finances, told Gov. Henry Horner in a letter last week that "there has come to the attention of the committee evidence of a 'sales tax fix ring,' resulting in a serious drainage in state revenues."

Cassidy, in a letter to Searle, informed the representative that both he and the governor would take action against any such "ring" and that it was Searle's duty to turn over any evidence he had.

"I therefore call upon you to furnish me with the evidence to which you refer," Cassidy wrote. "You may rest assured that I shall xxx take whatever action the facts justify, whether it be civil action for the collection of unpaid taxes or criminal action against any person or persons who may be guilty of violating the criminal laws."

The attorney general reported that he had been requested to make an investigation by the governor.

## WALTER E. TOWNSEND

Springfield, Ill., June 1.—(P)—Walter E. Townsend, public relations director for the Central Illinois Light Company, died today of pneumonia in Springfield hospital. A former New York and St. Louis newspaperman, Townsend covered the Russo-Japanese war. He was 67 years old.

## CENTENARIAN

Chicago, June 1.—(P)—Mrs. Nettie Newman, who claimed to be 100 years old, died today of complications which followed a fractured hip. A son, E. G. Newman, manager of a theater at LaSalle, Ill.

## Huge Shipping Destruction Is Reich's Claim

Berlin, June 1.—(P)—Relays of German planes, pouring bombs upon the retreating French and British near Dunkerque, were declared officially tonight to have sunk three allied warships and eight transports and to have brought down 40 allied aircraft.

A high command communique added that in addition German dive-bombers made hits on four other warships and 14 commercial vessels, which presumably were serving as transports. It cited many of these ships were set afire.

BattleShip Nelson. These claims of new successes in the last hours of the Flanders campaign followed an earlier assertion by a spokesman that the battleship Nelson, the pride of the British home fleet, had been destroyed. The high command, however, did not claim the Nelson.

Off Dunkerque, strong units of three flying corps roared overhead incessantly in an effort to defeat the efforts of allied remnants to ferry themselves in smaller boats to the warships and transports lying off the harbor.

The Berlin press acknowledged that "throngs" of British and French might have escaped under the protection of bad weather, which lasted for part of the day, but insisted:

"Troop units were no longer involved, perhaps not even soldiers. For whoever has had a taste of the hell of Dunkerque no longer will feel a desire to pick a quarrel with Germans."

Nazi papers, forecasting a drive on Paris, said frankly that the allies would be given no time to catch their breath.

## FLANDERS LOSS IS REVISED FOR BRITISH TROOPS

### Withdrawal Success; Only One Division Left In Battle

London, June 1.—(P)—Britain's veterans of the north—the men who helped hold the fields of Flanders until the last and then withdrew in the most spectacular retreat of modern history—still were coming home tonight to an exultant welcome from a rarely emotional people.

The success of the withdrawal—one made across the English channel in a gale of fire from every weapon at the Nazis' command—was illustrated by estimates from various sources that of the original British Expeditionary Force of 175,000 men, from 100,000 to 140,000 had been brought safely back.

Too, it was stated unofficially that every division, or its remnant, save one, had been disembarked.

This British division, and two French divisions remained to hold off the attacking Germans.

Beneath the cheering, tear drenched reception ran the somber undertone of preparations to evacuate school children and spread England's population outside packed cities. For Britain awaits the next blow—long-threatened invasion, and hell from the heavens by Nazi dive bombers.

Today Britain's own air force reported downing 56 German planes over Dunkerque yesterday and 14 more today, with a loss of only 16 British fighters.

One British naval plane claimed a direct hit, wrecking a torpedo boat. The Nazi mosquito fleet off the Belgian coast.

On the embankments and bridges along the route of the troop trains to London civilians stood to cheer and listen with mouths agape while the returned Tommies told of the bloody business in Flanders.

## HOW TO LOSE FRIENDS AND ALIENATE PEOPLE

Sycamore, Ill., June 1.—(P)—Deputy Sheriff Harvey Danforth held his nose today while Ralph Wagner of Fairfield, Ill., told him the following story:

Wagner bought hunks of limburger and Swiss cheese in Monroe, Wis. He started for Fairfield but when he arrived at Freeport, Ill., he feared his cheese might be spoiling so he hired an airplane pilot to fly him the remainder of the trip for \$20.

Wagner paid \$5 down, with the balance due on arrival. Near DeKalb, the pilot suddenly changed his mind about the whole thing and landed Wagner and the cheese in a field of alfalfa. Wagner telephoned the sheriff's office at Sycamore.

Danforth appended this note: He found Wagner sitting disconsolately in the alfalfa and confidentially, the limburger was in proper aroma.

## MARSEILLE ONE OF PLACES HIT IN RHONE AREA

### May Be Gesture On Hitler's Part To Reassure Italy

Marseille, France, June 1.—(P)—The fury of Germany's air might fell heavily on southern France today in one of the biggest aerial forays of the war, leaving a path of death and destruction in a half dozen towns and cities down through the rich industrial Rhone valley.

At least 46 persons were killed, 36 of them here and in the harbor of this second largest city in France. The wounded numbered around 100.

Latest Paris reports said 56 German planes were destroyed or damaged by the French air force during the day with 16 French craft missing. French authorities said only that "certain number" of the Nazi raiders were brought down in the Rhone valley.

The attackers, in their first raid on the south of France, dropped two heavy bombs in this Mediterranean port. A cotton-laden English ship in the harbor was sunk.

Heaviest Attack. The heaviest attack was centered in the Lyon industrial region, 180 miles north of here, where 16 persons were killed and between 80 and 90 wounded in attacks on five towns.

Reports reaching Bern, Switzerland, said that the air armada flew in squadrons of 21 to 36 planes.

Foreign observers in Switzerland speculated at once on whether the raid might have been a Hitler gesture to assure Italy, on the verge of taking sides with Germany, that Nazi air power was great enough to give aid to the Italians despite German preoccupation with the military campaign in northern France.

Lyon itself was not attacked but at an industrial town 15 miles southwest 15 persons were reported killed, 60 wounded.

High explosive bombs leveled several factories, schools and a dozen houses.

The famous peacetime health resort of Aix-Les-Bains near the Swiss frontier was showered with 11 bombs that destroyed a hotel, killed one person and wounded about 30.

French Plane Lost. In the Lyon area one of two French planes which went up to fight the attackers was shot down.

Throughout the afternoon raid warning sirens shrieked several times in the Rhone region as well as in places opposite Geneva on the French side of the Swiss frontier.

Reports via Bern, Switzerland, said heavy damage had resulted in the French industrial section near Lyon, with bombing particularly heavy in suburbs where factories were known to be turning out plane parts and motors.

Basel residents saw bombing squadrons leave their German bases shortly after noon and return several hours later across the Rhine.

One of two planes which came over Swiss territory was brought down by a Swiss fighter after failing to heed warning shots.

Marseille is built at the foot of a hill, around which loftier heights rise in a semi-circle. It faces directly on the sea. Its foreign commerce is greater than that of every other port in France.

## Three Wildcat Oil Strikes In State

Centerville, Ill., June 1.—(P)—Three wildcat oil strikes and discoveries which may give three proven areas new producing formations made this a banner week in Illinois oil exploration.

In addition the 2,000th well was completed in the Lake Centralia-Salem pool of Marion county and one of the largest wells in the state's oil history was completed in the Centralia pool of Marion and Clinton counties.

The wildcat wells successfully completed were the Carter Oil company's south of Mattoon in Coles county; No. 1-A James Seaman, two miles from the Pure Oil company's No. 1 Mattie Aldridge, in Jasper county a mile north of the Dundas pool of Richland county; and Burr Lambert's No. 1 Sella in Wabash county.

All three were flowing from the McCloskey lime, two of them without acid treatment.

Carter's seaman flowed 10 barrels an hour during the first 17 hours after treatment with 4,000 gallons of acid, its second acid treatment.

### ★ YOUR BANK

## Supervision and Examination of Banks

The federal or state governmental body which charters and supervises a bank has power to examine it at regular intervals—usually twice a year. In addition to the examinations required by state law of state banks and by the National Bank Act of national banks, both the Federal Reserve banks and the Federal Deposit Insurance Corporation are authorized to examine their members.

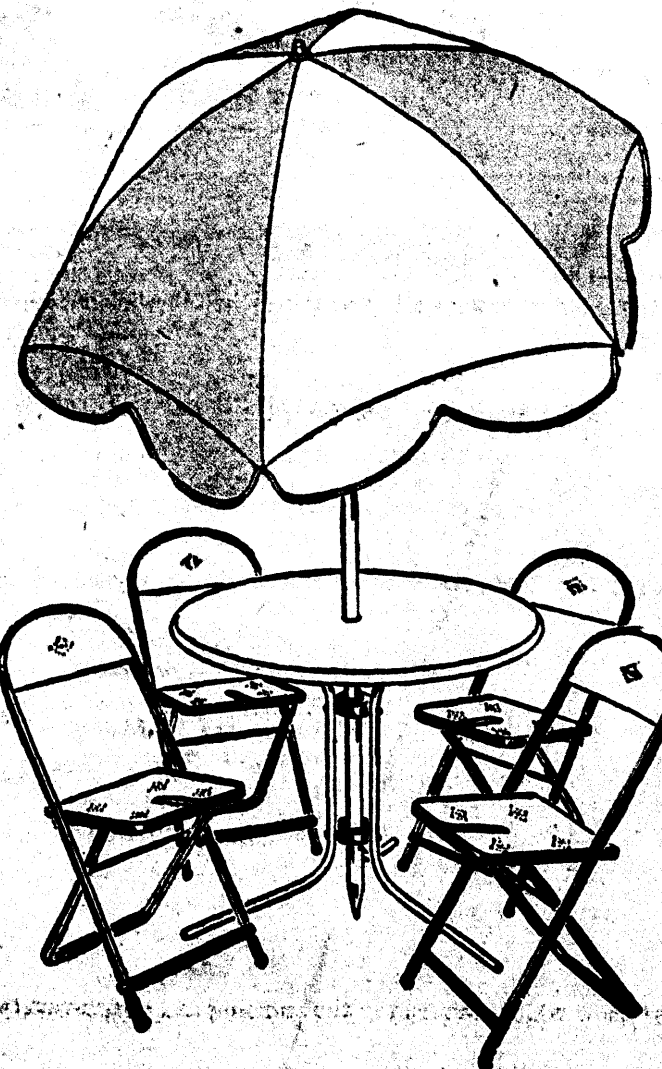

The purposes of the examinations are (1) to ascertain that the bank is solvent, (2) to determine that it is operating within legal limitations, and (3) to ascertain that sound policies are being pursued. Through such examinations we obtain a review of our operations, and receive expert suggestions and advice on our policies and practices whereby we may improve our service to our customers.

1880-NINETY YEARS OF SERVICE-1940

## College President Says New Library Plans Progressing

Dr. McClelland Tells Board Of MacMurray That Work May Begin Soon

The board of trustees of MacMurray college met in their annual session Saturday morning in Room 7 of MacMurray hall. A large number of trustees and conference visitors were present for the meeting. President C. P. McClelland made a lengthy report of the college year to the members of the board, pointing out many improvements that have been made at the college during the year that is just being completed.

In commenting upon the erection of the new library, President McClelland announced that the subscriptions to the library fund have reached a total of \$280,680.19 to date. This amount is both for the cost of construction and for endowment. Of this sum \$50,000 is definitely allocated to endowment. Of the balance, \$74,835.14 has been paid in to date. The largest subscription is that of Mrs. Pfeiffer of New York who has subscribed \$100,000. Of this amount \$25,000 has already been paid.

Completion of the plans for the library have been made and "if possible we should like to start building operations this summer, but that will depend on what word we receive regarding payment of the balance of Mrs. Pfeiffer's subscription," Dr. McClelland said.

Announcement of the change in the MacMurray college calendar was made by President McClelland, and the advantages of the new plan were outlined. The chief advantages of the plan as outlined by the president were (1) students will have fewer classes and more frequent class periods; (2) the let down preceding the mid-semester examinations in January will be eliminated; (3) the five-day week schedule will be made easier; (4) more of the elementary courses will meet five days per week instead of three days as is the case under the present system.

Enrollment Figures  
One of the most encouraging notes in the president's report was the section on enrollment. At the present time 240 new students have applied for admission for the coming year. Of this number 231 will be freshmen and nine upperclassmen. President McClelland said "we are sorting these applicants very carefully and making our selection strictly on the basis of quality. Even so, we do not see how

we can accommodate all that we need to take." Especially significant was the increase in the number of students remaining for upperclass work. The increase in the size of the sophomore class for next year shows a healthy growth. The figures for the sophomore class for the last few years: 1934-35, 92; 1935-36, 100; 1936-37, 143; 1937-38, 150; 1938-39, 129; 1939-40, 169. Next year the number will be slightly in excess of 200 sophomores.

Special mention was made in the report of the death of Donald MacMurray, a trustee of the college, and the election of Donald MacMurray's sister, Mrs. Marian Martin, to serve in his place on the board. Senator James E. MacMurray was unable to attend the meeting this year because of a recent serious illness.

Since Jan. 1, 1940)

OF JACKSONVILLE  
D. L. HARDIN, PRINCIPAL

# "I know that folks must watch their budget these days"

"It's NO SECRET that the cost of living is pretty high nowadays, and most of us have to keep a careful count on our pennies. We can't buy as much of everything as we'd like to.

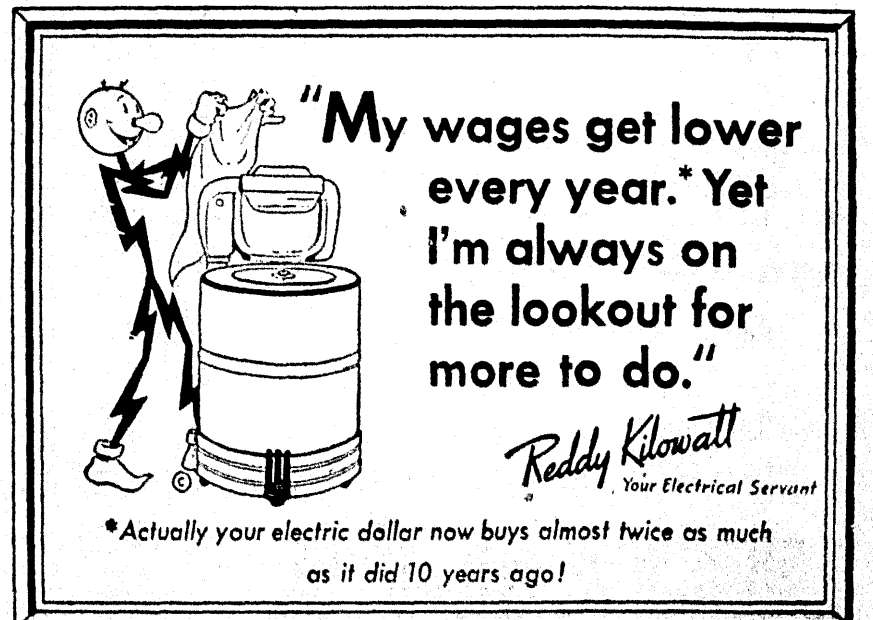

"Now we're in business to sell electricity. I know that electricity is like groceries, or shoes, or any other kind of merchandise. If its cost seems too high, folks use it sparingly. If its cost is low, they use more of it and enjoy more of its benefits.

"So just as a matter of common-business sense, we're working all the time to keep costs down... and keep your rates coming down, too. And we're sort of proud of what we've accomplished. Rates here today are about half what they were ten years ago. And folks seem to appreciate what we're trying to do. Because they're using more of our electricity every year, and they're getting more pleasure and comfort out of it, too.

"The more electricity folks use, the cheaper we can supply it. So if our total business should improve sufficiently we'd be able to put through a general rate reduction for everybody, just as we have in the past.

"But you don't have to wait for that, to get your own rates reduced! Remember, the more of your household jobs you turn over to Reddy Kilowatt, the less he charges you for each job. You can cut his wages right now by giving him more to do—letting him make your life easier and pleasanter."

*Reddy Kilowatt*  
MANAGER

"My wages get lower every year.\* Yet I'm always on the lookout for more to do."

*Reddy Kilowatt*  
Your Electrical Servant

\*Actually your electric dollar now buys almost twice as much as it did 10 years ago!

# President McClelland Makes Annual Report To MacMurray Trustees

At the annual meeting of the trustees of MacMurray College held yesterday noon, President Clarence P. McClelland presented the following report:

During the past year progress has been made in all fields of college endeavor. I can say confidently that the College is stronger in every respect than it was a year ago. This is due to the faithfulness and competency of many persons: students, faculty, and trustees have cooperated loyally in all that has been achieved.

It is my sad duty to report the sudden and unexpected death of Mr. Donald MacMurray on September 6, 1939, at the age of forty-eight.

Mr. MacMurray was born in Quincy, Illinois, but spent all of his mature life in Chicago, where for many years he was associated with the Acme Steel Company.

Mr. MacMurray was modest in manner and was a genial and loyal companion. He will be greatly missed by innumerable friends.

For seven years he was an interested member of this Board and had been spared would have rendered invaluable service to the College in the administration of its affairs.

It was a great privilege for us to know him, and his passing has filled us with a sense of irreparable loss.

At the fall meeting of the Board our sense of sorrow and loss was incorporated in the resolution which was passed unanimously by the Board.

Fortunately for us, Mr. Donald MacMurray's sister, Mrs. Miriam Martin, has consented to serve in his place on the Board. She was elected a trustee ad interim by the Executive Committee this spring. We are looking forward with pleasure to having her associated with us in the future development of the College.

## MR. JAMES E. MAC MURRAY

To our great regret, Mr. MacMurray is unable to attend Commencement this year on account of serious illness. On April 5 he was stricken with pneumonia and, while he has been out of danger for several weeks, his recovery has been rather slow. However, his letters are cheerful and hopeful and it is expected that within two or three weeks his recovery will be complete.

## FACULTY

Five new members of the faculty were appointed last summer. The Department of Speech and Dramatic Arts was strengthened by the addition of two teachers: Mr. Volney Hampton and Mr. David D. Moore. Mr. Hampton received his B.A. degree from Butler University and his M.F.A. degree from Yale University. He also studied at Drake University and the University of Wisconsin. Mr. Hampton's teaching experience includes two years as instructor in drama, speech and English at Indiana University and as head of the Department of Drama at Butler University and Jordan Conservatory, Indianapolis, Indiana. He has also been director of various theatres, including the Theatre by the Sea, Matunuck and the Kingston Playhouse, Kingston, R. I., and the Fort Wayne Civic Theatre, Fort Wayne, Indiana. Mr. Hampton came to us directly from Bradford Junior College, Bradford, Mass., where he was instructor of dramatics and speech. Mr. Moore was granted his B.E. degree by the University of Wisconsin. Before coming here he served for three years as head of the Speech Department at the Southwestern State Teachers College, Weatherford, Oklahoma and as director of the college theatre.

In the place of Dr. Beverly McAnear, who resigned a year ago, we secured Dr. Harris G. Warren who received his B.S. degree from Purdue University, his M.A. degree from Stanford University, and his Ph.D. degree from Northwestern University. Dr. Warren's teaching experience includes two years in the social sciences and debate in Idaho, student assistant in the Department of History at Stanford University, seven years as instructor in political science in Joliet Junior College and instructor in history at the University College of Northwestern University. During 1938-1939 Dr. Warren substituted for a professor on leave of absence in the Department of History and Political Science at Michigan State College, East Lansing, Mich. Dr. Warren has also had a year's experience as a member of the American Legation in Paraguay.

Miss Carrie E. Spencer was appointed an instructor in the Department of Physical Education. She received her B.S. degree from Syracuse University and her M.A. degree from Columbia. Miss Spencer taught physical education at the University of Washington, Seattle, Washington, three years and during the past six years she was instructor at Ohio University, Athens, Ohio.

Miss Mary Finch who took her undergraduate work at Hollins College and the Eastman School of Music and who for the past three years was a member of the faculty of Louisville College, Louisville, N. C., was appointed as an instructor in English and Music.

Miss Mildred Waldman, a graduate of the Chicago College of Music, later studying at the Juilliard Graduate School of Music where she held a fellowship for six years and also served as a member of the faculty, entered the College two years ago in order to earn the A.B. degree. While here she has taken the necessary studies and at the same time has acted as an instructor in piano. Miss Waldman is a brilliant musician and has been very successful as a teacher. On the recommendation of Mr. Joseph C. Clelland, the director of the Conservatory of Music, she will be retained as an instructor with an instructor's salary and given larger responsibilities.

## ENROLLMENT

The registrar's report shows that the enrollment last fall was as follows:

Regular College Students	605
Part-time Students	14
Conservatory of Music	124
Kindergarten	31

The increase this year in the number of sophomores is of special significance. Previous enrollments of sophomores were as follows:

1934-35	92	1937-38	150
1935-36	100	1938-39	128
1936-37	143	1939-40	169

It has been our aim to increase the number of upperclassmen, thus creating a better balance between all four of the classes. We have made some gains in this respect, but, owing to the fact that accommodations in our residence halls for about 175 additional students have been provided within the past two or three years—50 last summer in Jane Hall, 100 in Ann Rutledge Hall and 25 in Main Hall two years ago—we have been obliged to take unusually large Freshman classes during this period in order to maintain the College at its full capacity.

It is encouraging to note a substantial increase in both the Junior and Sophomore classes for next year. It looks as though we should have at least 200 sophomores compared with 169 during the past year, and about 100 juniors. This means, of course, that we shall not be able to take so large a Freshman class as we did last year.

Already 240 new students have applied for admission next fall; 231 in the Freshman class and 9 to the upper classes. We are sorting these applicants very carefully and making our selection strictly on the basis of quality. Even so, we do not see how we can accommodate all that we need to take. Last September we placed six or eight freshmen in the so-called Gehlert house just off the campus. Next fall it may seem wise to put students in two or three other houses nearby and, although the houses available for this purpose are small, they will help in the solution of our problem.

## ADDITIONAL RESIDENCE HALL NEEDED

What we really need is an additional residence hall accom-

modating about 100 students. This might look like a suggestion of an indefinite increase in the size of the College, but I do not have this in mind. In placing our students, the greatest problem now is to find suitable accommodations for our sophomores. Most of the freshmen live in Main Hall, but this building will accommodate a maximum of only 196. The natural place for the freshmen to overflow is Harker Hall, but that is also the only place for the sophomores who cannot be accommodated in the newer buildings. And so the Sophomore class is divided into three parts; one in Ann Rutledge Hall, one in Jane Hall, and the third in Harker Hall. The number of sophomores accommodated in Ann Rutledge Hall will decrease very rapidly during the next two or three years; and, if the number of juniors increases, as we expect it will, there will hardly be room for the sophomores in either Jane or Harker Halls. The importance of having a unified Sophomore class is obvious.

If we had this new residence hall we could place exactly the number of freshmen we need in Main and Harker Halls, the sophomores in Jane Hall, the juniors in the new building, and the seniors in Ann Rutledge Hall.

## DEANS' REPORTS

The annual reports of the deans are interesting. I wish it were possible for the Board to hear them in their entirety. From them, I have selected several items to bring to the attention of the Board.

## FRESHMEN

Dean Baird's report sets forth a five-fold aim: namely, A. To give much thought to the planning of each student's course before he entered in September, which was done after a careful study of the admission papers and through conferences with those who visited the campus, or by correspondence; B. To set a more friendly atmosphere for the non-resident students as well as the resident students; C. To build a more unified class spirit; D. To make the freshman societies increasingly worthwhile; E. To make a special study of MacMurray problems: social, academic, and administrative.

Many items are listed under the following heads: Duties following Commencement, 1939; Duties following the opening of college, 1939; Educational guidance; Social guidance; Preparations for the coming year; Miscellaneous.

Dean Baird states what he considers to be six major problems and makes suggestions for solving them.

With regard to scholarship, Dean Baird makes the following comparison of the scholastic standing of the last three Freshman Classes:

Class of	1941	1942	1943
Credit point average of class during the freshman year:			
February	1.34	1.23	1.41
June	1.34	1.39	yet to be determined
Honor Roll			
February	16	15	31
Honorable Mention			
February	18	20	27
Number of freshmen not recognized because of low grades, incompletes, or in case of girls working a great deal, not enough hours:	45	49	34

## UPPERCLASSMEN

Dean Hawkins gives the academic standing of the present Senior class during their four years as follows:

Freshman year	1.39
Sophomore year	1.55
Junior year	1.94
Senior year (1st sem.)	2.30

"It is interesting to note that two members of this class, Etha Johanneker and Mariella Coates, both students who have held responsible major offices in student organizations and have been active participants in the extra-curricular life of the College, have received only As throughout their course."

The academic standing of the Junior class for their three years is as follows:

Freshman year	1.34
Sophomore year	1.55
Junior year (1st sem.)	2.01

Transfer students admitted to this class last fall came from the following institutions:

University of Hawaii	2
Scripps College	1
Centenary College of Louisiana	1
Whitworth College for Women	1
Williamsport Dickinson Seminary	1
Culver-Stockton College	1
So. Illinois State Normal University	1

The academic standing of the Sophomore class for the past two years has been:

Freshman year	1.31
Sophomore year (1st sem.)	1.47

Transfer students admitted last fall to this class came from the following institutions:

Iowa State College	1
Carleton College	1
Webster City Junior College	1
Illinois College	1
Long Beach (Calif.) Jr. College	1
Northeast Mo. State Teachers College	1
Elmhurst College	1
Mills College	1
Gulf Park College	1
Central Islip State Hospital	1
James Millikin University	1
Northern Ill. State Teachers College	1
Proctor Hospital, Peoria	2
Ohio Wesleyan University	1
University of Illinois	1

Speaking of student self-help, Dean Hawkins refers to the complexity of the organization of student aid work with the keeping of records, daily check-up, necessary substitutions in schedules, frequent reminders to students, response to emergency calls, and numerous adjustments. "A satisfactory system of time record was devised and used experimentally with satisfaction. Miss Scott and Miss Rogers have been primarily responsible for its operation and both have been painstaking, thorough and patient in carrying out the work successfully."

"Favorable reports from people on the campus who are in a position to be inconvenienced if the system is ineffective make me feel that it has been handled with general approval, although with the benefit of this initial experience many improvements may be expected."

## ADMINISTRATIVE PROBLEMS

The increase in the size of the College calls for a change in our administrative organization. As you know, we have two deans: one for freshmen and one for the upperclassmen. These deans have given their attention to everything pertaining to the student's life: academic, physical, social and religious. In a college for women, organized as we are, the number of activities and the details of administration are numerous, and the burden of the work which has developed is now too great for our two deans.

## GUIDANCE

There is one area in which we have not done nearly enough. I refer to guidance in the rather technical meaning of the word, including tests and measurements of various kinds—intelligence, aptitudes, reading—and vocational counseling. I need hardly urge the importance of this work. Each year it is assuming larger proportions in all of our educational institutions. Vocational guidance is becoming particularly important. Most of our graduates entering salaried occupations have been teachers. We have made very little effort to bring them general vocational information or to guide them into other professions or into business positions. It is plain, I think, that we should do much more, and this requires the services of at least one additional administrative officer. In many colleges a director of personnel is appointed for this task. This we might do here, but having discussed this matter fully with Dean Hawkins and Dean Baird and also with the Faculty Committee of the Board, our conclusion is that what we need is a Dean of the College who has had special training and experience in the field of personnel, but who is at the same time a scholar and familiar with academic policies and procedures. I have made out an administrative chart showing the position of this dean in relation to the other members of the administrative staff. The chart also shows in outline the chief duties and responsibilities of all the administrative officers.

## CONSERVATORY OF MUSIC

Mr. Joseph C. Clelland reports a very active year in the Conservatory of Music. He mentions ten programs for the general public, as well as for the students, by members of the faculty and that a large number of appearances of faculty mem-

bers in other cities have been unusually well received.

A new musical organization which developed rapidly and toward the end of the year made several public appearances was the College Band. Uniforms were provided by contributions from various organizations. Three concerts of very good quality were given. The band also played on the Dads' Day and May Day programs. They appeared in the State Convention of the Lion's Club and gave programs on a tour of high schools. The director of the band was Mr. Elbert Edelbrock who deserves great credit for its success.

A new Estey practice organ was purchased at the opening of college. A listening room was established and many victrola records added to the department's collection.

## HEALTH SERVICE

Our Director of Health reports that the ratio of infirmity days has increased. However, there was a desire manifest among the students to maintain health rather than to repair it which prompted earlier and more frequent visits to the infirmary and prevented more serious illnesses. Only two students were hospitalized; one of these was critically ill, but she has since recovered.

The peak load of illness was on January 17 when 105 students were in bed with colds. It is expected that the longer Christmas recess next year will mean a substantial reduction in the cases of colds and influenza which usually occur most frequently about the middle of January.

Twenty of the 162 students who took out accident insurance policies had occasion to draw upon them.

The food handlers in the kitchen and dining rooms were obliged to submit to medical examinations. The necessary laboratory tests were made by the State Department in Springfield.

Dr. Garm Norbury, our college physician, has requested that we increase the scope of the medical examinations and include the tuberculin test, the positive cases to be X-rayed.

The following is a summary from Mrs. Hart's report: Resident students receiving dispensary care..... 520 Town students receiving dispensary care..... 33 Number of students receiving infirmary care..... 445 Infirmary days to May 6..... 2465 Daily percentile infirmary census..... .00227 Daily percentile infirmary census last year..... .00156 Communicable diseases: Chickenpox..... 2 German Measles..... 1 Accidents..... 21

The nursing staff has been eminently satisfactory. Besides the director, Mrs. Hart, there have been four registered nurses. Three of these, Miss Evelyn Luthy, Miss Elizabeth Scholl, and Miss Florence Donley, have been part-time students and—to quote from the director's report—"they are intelligent, capable and sympathetically wise in their professional contacts. Their residence in different dormitories not only allows easy access in case of night emergencies, but also invites conferences and acts as a stabilizing influence in the emotional strains and stresses of developing youth." The fourth nurse is Miss Ann Hess who has been on general duty throughout the year. She also has done her work well. She will not return next fall as she has accepted a position with the School for the Blind.

## CHANGE IN CALENDAR

Our Faculty Curriculum Committee has been active, and through their efforts interesting and timely topics have been presented and discussed in faculty meetings. This committee made a careful investigation of the quarterly plan of studies as used by the University of Chicago and other universities, raising the question as to whether it might not be wise for us to adopt it instead of the semester plan which we have used for so many years.

The chief advantages of the quarterly or, as it would be with us, the three-term plan, were said to be:

1. Students would take fewer studies with more frequent class periods.
2. Elimination of the let-down preceding the mid-semester examination in January caused by the Christmas recess.
3. It would be easier to make out a five-day week schedule than under the semester system.
4. More hours for elementary courses if they met five times a week than under the semester system when they meet three times a week.

A majority of the faculty approved the adoption of the three-term system, but, since there was so much opposition to it, it was thought wise not to make this change.

As a substitute for the semester plan the committee suggested a plan which retains the semesters but calls for the opening of college the first week in September and the first semester examinations immediately preceding the Christmas holidays. This plan includes a Christmas vacation of about three weeks, an Easter vacation of about two weeks, and Commencement the last week in May.

After a very thorough discussion, the faculty voted to try this plan next year. The approval of the faculty was practically unanimous, and a poll of the students showed a very large majority in favor of it. The advantages of this plan are: having the first semester examinations with no loss in momentum caused by the Christmas holiday, beginning the second semester with the students unfatigued from the examinations of the first semester, and the earlier Commencement.

September 9	2:00 P.M.	Orientation and Registration of Freshmen
September 12	8:00 A.M.	Registration for Upper Classes
September 12	2:00 P.M.	Convocation, followed by Scheduled Classes
October 10	8:00 A.M.	Founders' Day
November 28		Thanksgiving Day
December 16-20		Examinations
December 21		Christmas Recess Begins
1941		
January 13 or 14		Christmas Recess Ends. Registration for Second Semester
February 12		Day of Prayer for Colleges
March 19—April 1		Spring Recess
May 14		Final Examinations
May 25		Commencement

## SUMMER SCHOOL

Last year's Summer School, under the direction of Mr. Harold E. Gibson, was successful, with an enrollment of 142. The prospect for this year's session, which will begin June 12 and end July 25, are even better. There have been more inquiries and the enrollment promises to be larger. An innovation will be the course in practice teaching at the Franklin Grade School. Miss Grace Fitch, one of our alumnae and the principal of this school, will be in charge.

## PENSIONS

My impression is that while no formal action was taken by the Board, the Faculty Committee was requested at the annual meeting last June to make some preliminary studies of a pension plan for the faculty. Last fall Mr. MacMurray appointed a committee consisting of Mr. R. Y. Rowe, Dr. A. H. Doller, and Mr. E. E. Crabtree to investigate pension plans and report to the next meeting of the Board.

## PUBLICITY

The report of the Director of Public Relations shows that MacMurray College has received more publicity than in any previous year.

The most important single event to publicize was the Institute on "The Essential Elements of a Durable Peace." Daily morning and evening papers in St. Louis, Chicago, Springfield and the larger central Illinois newspapers. These releases on the Institute were accepted by the Associated Press, the United Press, and the International News Service.

The report shows a large increase in the column inches of material printed in various newspapers and also in the number of pictures which have appeared in the press.

## THE COLLEGE GREETINGS

Our Director of Public Relations, Mr. Harold E. Gibson, deserves special commendation for his work. He also acts as counselor to the students in the production of THE COLLEGE GREETINGS. This year THE GREETINGS received first class honor rating in national composition with other American colleges. This marks an advance from second class honor rating received by the paper during the two previous years. In the Illinois College Press Association THE GREETINGS for the second consecutive year was awarded second place.

In the individual contests in the State competition THE

GREETINGS received more first places than any other paper, winning first place for the best general feature story, written by Carol McClelland; the best original advertising produced by Grace Fenne; and the most constructive work for the improvement of the editorial department, this being a style book which was compiled by Dorothy Cook; second place for the best editorial page under the direction of Betty Wilson; the best interview story by Alice Finney and Doris Arnold; and the best make-up, under the direction of Alice Alexander; third place for the best pictorial coverage; best general news department, and most constructive work for the improvement of the business staff.

On points MacMurray received 28, while its nearest competitor received 21.

Up until three years ago THE GREETINGS was issued bi-weekly. In the year 1936-37 there were 15 issues; 1937-38, 28; 1938-39, 29; 1939-40, 29.

The total number of pages in 1936-37 were 80; 1937-38, 144; 1938-39, 180; 1939-40, 186.

In 1936-37, 52 cuts were used; 1937-38, 122; 1938-39, 170; 1939-40, 266.

In addition to his other services, Mr. Gibson has coached the debate teams. He reports that MacMurray College participated in 58 debates, including dual debates with other colleges and in tournaments held at Illinois State Normal University, Manchester College in Indiana, Eastern Illinois State Teachers College, and Lake Forest College. The annual debate trip in April covered 2,100 miles through the southern states. Perhaps the most interesting debate of the year was one between Northwestern and MacMurray in one of the sessions of the Institute of Public Affairs. In the annual state tournament at Lake Forest College the MacMurray affirmative team placed second.

## RIDING

Horseback riding, under the efficient direction of Miss Helen Kithner, has become an important activity of the College. This year about 160 girls have taken riding for credit.

The MacMurray College riding team, composed of Mary Ellen Atkinson, '42, Mary Dilworth, '43, Doris Greenwalt, '43, and Dolly Movius, '43, took first place at the second inter-collegiate riding meet in Champaign on Saturday, April 13. The meet was divided into two sections with the preliminaries in the afternoon and the finals at night. The final outcome showed MacMurray leading by a large margin with 60 points and the University of Illinois second with 31. Mary Ellen Atkinson won the championship cup for individual horsemanship.

The horse show on May Day was most interesting. Approximately 85 girls participated. Ribbons were awarded for first, second, third and fourth places in nine events. A silver cup for the best individual riding was awarded Doris Greenwalt, '43. The MacMurray College Band gave a half-hour concert preceding the show.

It will be necessary for us to increase the number of stalls at the stables this summer and also add a classroom for the instructor and her pupils.

## STUDENT ORGANIZATIONS

An examination of the 68-page digest of the annual reports of the various student organizations which was presented at the final meeting of the Advisory Council on May 15 would impress the reader with the great number and variety of the student activities and with the many opportunities there are in the College for the development of leaders. The total amount of money spent by the various student organizations was \$10,745.33.

At the beginning of the year the Student Government Association inaugurated what is known as "closed night"; that is, Monday evenings were set aside for the meetings of campus organizations and with the exception of a forty-five minute period, the students were required to stay on the campus every Monday evening after seven o'clock. The schedule was as follows:

The first Monday of the month:	
7:00-8:00	All society meetings (freshman and upper class)
8:15-9:15	Executive Board meeting
9:30	Judicial Board meeting
	Y.W.C.A. Cabinet meeting
	A.A. Board meeting
The second Monday of the month:	
7:00-8:00	Kindergarten Club
	Triton Club
	Home Economics Club
	Physical Education Club
	Music Club
	Scribblers Club
8:15-9:15	Players Guild
	International Relations Club
	German Club
9:30	Judicial Board meeting
	Y.W. Cabinet meeting
	A.A. Board meeting
The third Monday of the month:	
7:00-8:00	All societies
8:15-9:15	Advisory Council (in October, November, February, March, May)
9:30	Judicial Board meeting

After a year's trial all are agreed that the "closed night" plan has been a success.

## LECTURES AND CONCERTS

Lecturers brought to the College during the year have been: Erika Mann, an authority on Germany; Carl Van Doren, literary critic; Oswald Garrison Villard, editor and author; Hugh Gibson, diplomat and author, and Raymond Jameson, consultant in Comparative Literature at the Library of Congress. Ruth Page and her company of dancers were also included in the lecture series.

Artists who have given concerts are: Henry Jackson, pianist; Hertha Glatz, contralto, and Frank Rupp, pianist; Emmanuel Feuermann, cellist, Arthur Rubinstein, pianist, and Samuel Sorin, pianist.

## INSTITUTE OF PUBLIC AFFAIRS

President McClelland made mention of the Institute of Public Affairs on the subject "The Essential Elements of a Durable Peace." He included the program and said that all the addresses and discussions were interesting and valuable.

## SPECIAL DAYS

The attendance at Dad's Day and May Day was larger than ever before, many of the visitors coming from long distances. The swimming exhibition, the dinner, and "Dover Road" by the Players Guild were the features of Dad's Day. More than 300 dads were present. About 200 girls participated in the May Day exercises. There were 1,200 persons in the audience. The weather was ideal and everybody voted the pageant the most successful in many years. I have already referred to the horse show which was held in the morning and which was also largely attended.

The thirtieth Founders' Day banquet was held here October 10. Bishop Ernest Lynn Waldorf, of Chicago, and Miss Olive L. Austin, formerly dean of the College, were the guests of honor. Both gave short speeches. The candle lighting toast was given by Mrs. Ernest Bone, of the Class of '38.

## CHAPEL

We have been embarrassed this year for lack of a place for college assemblies. Music Hall no longer accommodates our student body. Centenary Church has been kind enough to allow us to use their auditorium for our weekly chapel services. Additional chairs have been placed in the gallery which make it possible for our students and faculty to be accommodated, although with some discomfort. But, there has been no room for visitors. To provide a hall or chapel with a seating capacity of 1,000 or 1,200 is one of the tasks before us.

Next year we are expecting to bring to our chapel services a number of distinguished preachers. This will add a considerable item of expense to our budget, but it is very much needed. I am sure the additional funds can be secured.

## CONVENTIONS

MacMurray College entertained several conventions during the past year. On November 17-18 the Illinois Association of Deans of Women held a two-day session here. The annual spring convention of the Southern Illinois District of the Y.W.C.A. occurred April 6 and 7, followed April 7, 8, 9 by the State Convention of the Illinois Federation of Music Clubs.

(Continued on Page Five)

## President McClelland Makes Annual Report To MacMurray Trustees

The following week, April 12 and 13, the Student Government Association convention, embracing the east central and west central regions of the National Students Federation of America, was held. On April 26 and 27 the Illinois College Press Association held its eighteenth annual convention.

The banquet in connection with the centennial celebration of the Grand Lodge of the State of Illinois was held in our dining hall on April 6. There were more than 600 men in attendance.

Our dining hall was again made available, May 20, for the annual banquet of the State Convention of Lions Clubs and was filled to capacity.

All of these meetings brought the College to the favorable attention of many fine, representative people from many communities.

During the third week in June we are to entertain the first annual State Girls Conference under the auspices of the American Legion Auxiliary of Illinois. This conference is for very carefully selected high school girls. It is expected that there will be about 200 in attendance.

### ALUMNAE ASSOCIATION

The alumnae have been active in their various societies. In the St. Louis area two sectional groups have held bi-monthly meetings, one on the Illinois side of the Mississippi River and one on the Missouri side, and a joint luncheon at the Missouri Athletic Club in St. Louis in alternate months.

The Springfield Society has been holding three meetings a month in addition to a regular monthly luncheon at the University Club.

In Jacksonville the Society has met once a month on the campus in The Hub, with an interesting program at each meeting. On May 18 they were entertained for luncheon at the country home of Mrs. William A. Fay.

Other centers in which alumnae have been active and held meetings are Chicago, Cleveland, New York, Indianapolis, Peoria, Bloomington, Quincy, and Omaha.

It is the purpose of President and Mrs. McClelland to visit more of the societies next year.

### LIBRARIAN'S REPORT

The librarian's report showed that 1,661 new books had been catalogued during the year.

### NEW EQUIPMENT AND REPAIRS

President McClelland said that the amount expended on new equipment and repairs during the year was \$31,016.29. In addition, the Little Theatre was purchased and renovated at a cost of \$12,946.68. The cost of the new wings added to Jane Hall, including the furnishings, was \$64,141.17.

The old heating boilers being inadequate, a new one was purchased in the summer of 1929. Two of the old ones were left in the heating plant to be used in an emergency. However, they never were actually used and a year or so ago, upon being tested, were found to be practically worthless. It was then plain that a new boiler, with a capacity at least as great as the one installed in 1929, was absolutely necessary; and last summer, after careful study, a Stirling water tube, 390 horse power boiler was purchased and placed in the power house. When completed in December, this boiler was put into immediate operation and has been in constant use since that time. It has had a fair trial and works very well except that some minor alterations will be made during the summer to increase its efficiency.

### PROPERTIES PURCHASED

Last summer twelve properties were purchased for the College which have proven to be a great asset:

1. The Schoedsack property on East State Street consisting of a large house, a couple of acres of land and a three or four car garage. Our primary purpose in purchasing this property was to provide an adequate place for the kindergarten. The first story of this house is admirably suited to this purpose. The two upper stories were made over into two apartments, one of which has been occupied by Professor and Mrs. Harris G. Warren, and the other by Professor Frieda Gamper.

2. The Grierson property immediately adjoining the Schoedsack property. The Grierson house is larger than the Schoedsack house, very substantially built, and situated on six acres of land. The Schoedsack and the Grierson properties have a total of about 600 feet frontage on East State Street. The house was in very bad repair, but it was thoroughly renovated and made over into one small and two large apartments.

3. The Gebhart property. This property immediately adjoins the campus at the corner of Beecher Ave. and Lorton St. There are four houses on this property, three of which were renovated for rental; and the fourth, which is considerably larger than the others, has been used by students.

4. Three small houses were purchased on Beecher Ave. just south of Ann Rutledge Hall. Two of them were in poor repair and hardly worth renovating; the third, after some minor repairs, was made into two suitable apartments for residence and rented by members of our faculty.

5. One other property in this area was purchased during the year; namely, a small house on Clay Ave. This house is in bad repair and is valuable only because of its location. It should be torn down as soon as possible.

6. Another property purchased during the year was what has been known for many years as Liberty Hall, an old building formerly owned by the Catholic Church, but in recent years used as a storage place for automobiles by the Corn Belt Chevrolet Company. This hall is located one block north of State Street and directly opposite the entrance to Main Hall.

The dimensions of the building are 60 feet x 90 feet. It has a commodious stage which now has been fully equipped for play production. The interior of the building is very attractive. The exterior leaves a good deal to be desired. But, at any rate, the building is serviceable and fills a long felt need. 600 to 700 persons can be comfortably seated in the auditorium. The renovations are not complete. Dressing rooms and lavatories need to be provided in the basement under the stage. This work will be done as soon as money is available.

The building was opened for use on Dad's Day, March 20, when the play "Dover Road" was presented. Two or three other performances have been staged there since, and this evening the operetta, "The Merry Wives of Windsor" will be given.

### LIBRARY FUND

Subscriptions to the Library Fund to date total \$280,680.19. This includes both the construction of the building and its endowment. Of this total, \$50,000 is definitely allocated for endowment. Of the balance \$74,935.14 has been paid in. The largest subscription, of course, is Mrs. Pfeiffer's, amounting to \$100,000. Of this amount, Mrs. Pfeiffer has paid \$25,000.

Completion of the plans of the building were postponed until recently, although a decision as to the size and arrangements of the structure was reached by the Building Committee last winter. But, in order to discover what the cost of the building would be, the architects have requested that they be allowed to complete their drawings and specifications and that bids be received.

An effort will be made to keep the total cost within \$150,000. If possible, we should like to start building operations this summer, but that will depend on what word we receive regarding payment of the balance of Mrs. Pfeiffer's subscription.

### THE BUDGET

As will be seen from the statement of income and expenses submitted herewith, we shall balance our budget. A tentative budget for the ensuing year is included in the financial report. This budget shows a substantial gain in income, but this is justified by the registrations, which have already been made.

The amount spent for painting in the various buildings last summer was considerably more than will be needed during the coming summer, which will reduce this item from \$7,000 to \$3,000.

The item for furniture and equipment will also be reduced by more than half; that is, from \$3,320.26 to about \$1,000.

We shall need a new baker for the kitchen, costing about \$800, but practically no other equipment for the dining hall, thus reducing the amount spent last year of \$3,176.00 to about \$1,000 or \$1,200.

The item for electric wiring last summer was \$3,210.00. This item will be reduced to about \$2,000.

Of the total cost of the new heating boiler, \$8,616.39 was included in this year's budget. This leaves a balance of \$5,000 which we have placed in next year's budget. And, of course, the item in the budget for the past year of \$693.64, representing the balance on the water heater for Main Hall, will be omitted from next year's budget.

If the money is available, I should like to transfer our dish washing apparatus from the kitchen to the basement and install in connection with it a subway, which is a tray carrier on an endless chain for lowering used dishes from the dining hall to the dishwasher and raising the clean ones up to the dining room.

We need to spend about \$3,000 more for dressing rooms and lavatories in the Little Theatre, but it is doubtful whether we can include it in the budget.

Altogether, the prospect for next year and succeeding years is very bright. Of course, in view of what has happened during the past few weeks in Europe's tragic war, one can hardly face the future without misgivings; nevertheless, there is not the slightest evidence of any lessening of the demand for admission to the College next fall, and so long as we proceed cautiously and do not commit ourselves to expenditures which we are not sure we can meet, we are safe. We have been gathering momentum for several years and are now moving steadily ahead. To deliberately slow down because of uncertainty or fear would be cowardly, just as it would be foolhardy for us to proceed without any thought of a possible future depression. Our policy might be accurately described as conservatively progressive. We have practically no indebtedness and none which we could not meet promptly by making possible curtailments.

I wish I could adequately express my gratitude for the confidence the Board of Trustees has shown in my leadership and their willingness individually to do whatever possible to advance the interests of the College. My colleagues, including both administrative officers and members of the faculty, have given me whole-hearted support. There has been full and frank discussion of changes in policies and methods, and, while at times differences of opinions have been expressed, there has been complete harmony and co-operation in all of our undertakings.

Respectfully submitted,  
CLARENCE P. MCCLELLAND, President.

### PAROCHIAL SCHOOL AT JERSEYVILLE TO HOLD GRADUATION

Jerseyville.—Eleven students of St. Francis Xavier's parochial school in this city will be awarded diplomas at the annual commencement exercises of the school Tuesday evening, June 4th.

Diplomas will be presented at the conclusion of the evening's program by Rev. J. J. Clancy, pastor of St. Francis Xavier's church. William F. Hanley of this city, who is state chairman of the American Legion School Medal Awards committee, will present the medals to the outstanding girl and boy of the class, who have been named by their teachers, fellow

students, and a committee from Worthy Post of the American Legion. The members of this year's graduating class are Mary Phyllis Arter, Mary Jean Caffery, Rosemary E. Coleman, Ann Lois Kallal, Theresa Marie Molohon, Mildred L. Murphy, Beatrice Margaret Powers, Martin Nicholas Schroeder, John Francis Steckel, John Joseph Tracy, and Boniface Zipprich.

### FUNERAL NOTICE

Funeral services for Mrs. Belle Beemer will be held at 2:30 o'clock Sunday afternoon from the Williamson funeral home, in charge of Rev. O. B. Enselman, with interment in Jacksonville cemetery.

About 600 different languages are spoken on the European continent.

### SOCIAL CALENDAR

#### Monday

Girl Scout Troop 5 will meet Monday afternoon at the Congregational church.

#### Tuesday

A joint meeting of the Helen Rawlings and the T.R.U. Guilds of the Baptist church will be held Tuesday evening at 7:45 o'clock at the home of Mrs. Ruth Townsend.

Girl Scout Troops 1 and 2 will meet Tuesday at the Illinois School for the Deaf. Troop 9 will meet Tuesday at the Congregational church. Troop 10 will meet Tuesday at the Christian church. Girl Scout Brownie Troop 13 will meet at Congregational church.

Boyd will give a missionary talk on "China."

#### Friday

The Ladies' Aid of Brooklyn church will meet on Friday afternoon at the church. The hostesses will be Mrs. Dan Crane, Mrs. M. M. Cordes, and

Mrs. C. A. Sheppard. Members please note change of date of meeting.

The Missionary society of Lynnville Christian church will meet on Thursday with Mrs. H. V. McNeely. The election of officers will be held.

The Ladies' Aid meeting of the Salem Lutheran church will be held at the home of Mrs. Louis Perbix, Markham, on Thursday afternoon at 2:00.

The Ladies' Aid of Westminster church will enjoy a birthday party on Thursday afternoon at the home of the Misses Mary and Marie Tholen, 1430 West Lafayette avenue. A special attraction will be the beautiful garden, which is now in full bloom.

### Florence McLain Becomes Bride of Charles W. Smith

Wedding Performed Dec. 16 Announced By Parents Of the Bride

Mr. and Mrs. Roy L. McLain, 915 East Lafayette avenue, have announced the marriage of their daughter, Florence, and Charles W. Smith, son of Mr. and Mrs. W. H. Smith of Pleasant Hill, Illinois. The marriage was solemnized Dec. 16, 1929, by Rev. Perryman of the Methodist church in Marshall, Mo.

Mrs. Smith was graduated from Jacksonville High school in 1924 and received her A.B. degree from MacMurray College in 1928. For the past two years she has been a member of the faculty of Pleasant Hill community high school.

Mr. Smith was graduated from Pleasant Hill community high school with the class of 1932 and received his Bachelor of Science degree from the University of Illinois in 1936. He has been teaching in the Pleasant Hill High school for the past three years.

The young couple will be at home during the summer months at 2310 Highland avenue, Nashville, Tenn., where Mr. Smith is working on his master's degree at George Peabody Teachers' college.

The idea of the atom was conceived by the ancients, at a time when the elements were thought to be earth, air, water and fire.

## Senior Class Day Program Is Held At MacMurray

Original Choral Reading Is Presented on Campus By Seventy Seniors

The senior class of MacMurray college held its annual class day exercises at 2:30 Saturday afternoon on the terrace in front of Ann Rutledge hall. Class day exercises were under the direction of Margaret Cain of Jacksonville and Virginia Moyer of Decatur who were co-chairmen. They were in charge of writing the script and the entire production.

The title of the class day was "The Ballad of MacMurray College," which was given in the form of a choral reading. The production was made out of a choral reading by the 70 members of the senior class and the work of a group of readers.

Graduates having speaking parts in the production were Evelyn Klitzing, Mary Welch, Evelyn Loy, Betty Zook, Mary Jeanette Hemphill, Mary Butler, Virginia Moyer, and Mary Helen Melvin. Music was in charge of Virginia Baker with Mildred Hackman serving as pianist. The four girls representing the four years of the class in college were: freshman, Ruth Stirlingham; sophomore, Gay Yutz; junior, Barbara Hickie; senior, Jeanne Tripp. Interspersed throughout the exercises were MacMurray college songs symbolic of the four years of the class in college.

The production was symbolical of the ideals and standards of MacMurray college and woven in throughout the entire class day exercises could be found practically everything significant about MacMurray college.

Class day this year was outstanding in that it was one of the best prepared of its type that has been presented in recent years. At the end of the service the class presented their gift to MacMurray college and also presented a lovely class gift to their adviser, Miss Beatrice M. Teague. The gift given to the college was a fund for specially selected books to be placed in a special alcove of the new library to be known as the Class of 1940 Alcove.

## Announce Wedding Cass County Couple

Mary Elizabeth Petefish To Become Bride of C. G. Parsons

Virginia.—The announcement of the marriage of Miss Mary Elizabeth Petefish, only daughter of Mr. and Mrs. Earl Petefish, to Cully George Parsons, son of Mr. and Mrs. Nathan Parsons, Ashland, was made at a desert bridge given by the bride's mother, Mrs. Earl Petefish, at her home Wednesday evening. The announcement of the rites was concealed in the individual napkins, which contained the names of the

bride and groom and the date of the wedding, Feb. 3, 1940, the ceremony taking place at Fort Madison, Ia. Table decorations were pink and green, and the bride idea was carried out in bride and groom ice cream molds. Bridge was played during the evening, and the Misses Janet and Marjorie Hager and Rosemary Fair, popular trio, sang several vocal numbers. Prizes at bridge were awarded to Mrs. C. G. Purnell, Miss Rosemary Fair, and Mary Jo Edwards.

Guests present were Misses Marjorie and Janet Hager, Janet Jokisch, Jean Sinclair, Charadine Angier, Rosemary Fair, Betty Lou Gilpin, Mary Jo Edwards, Mesdames Bernita Farrar, C. C. Purnell, W. B. Finn, of this city; Mrs. Nathan Parsons and daughter Ada Jane, Mrs. W. S. Taylor, Ashland; Mrs. Lester Petefish and daughter Joanne, Peoria, and the bride, Mrs. C. G. Parsons.

Mrs. Parsons was a member of the 1940 graduating class of the Virginia High school, receiving her diploma Tuesday evening. Mr. Parsons graduated from the Ashland High school in 1936. He is employed as an electric welder at the LeTourneau plant in Peoria, where the young couple will make their home.

Evangelistic services will be conducted for two weeks at the local Christian church by Dr. M. L. Pontius of Jacksonville, beginning June 2 and continuing through June 16. Miss Maribeth Knight, junior at Culver-Stockton college, Canton, Mo., and daughter of Mr. and Mrs. Carroll Knight of this city, has been awarded several honors at the college. She was appointed junior marshal by President McDonald and awarded the Wood citizenship prize of \$10. She

**JACKSONVILLE MAN OWNS RARE BOOKS ON GEO. WASHINGTON**  
Frank Winters, 1603 Hardin avenue, read in the Jacksonville Journal Saturday morning an account of the launching of the Battleship Washington at Philadelphia, which was christened by fifteen year old Virginia Marshall, great-great-granddaughter of Chief Justice John Marshall. Mr. Winters visited the Journal and Courier office later in the morning and displayed one of five rare old volumes by John Marshall which constitute a complete set of works on The Life of George Washington. The books owned by Mr. Winters were published between 1804 and 1807, being Marshall's authentic account of the life of Washington from the founding of the colonies until his farewell address. Mr. Winters has been told the volumes are of much historic and financial value, but has never endeavored to sell them.

**I SAVED \$100 ON THIS BIG AIR-CONDITIONED COOLERATOR!**

...but economy is just one of the extra advantages of this modern refrigerator adopted by over 350,000 families

Even millionaires like to save money. (They say that's what makes them millionaires.) So you're in wise company if you decide to make your dollar go as far as possible. You're in good company too if you insist on the best, as people with less money have learned to do. If you choose Coolerator you get both—economy plus truly MODERN refrigeration. For this advanced refrigerator is air conditioned to give you fresher foods—it uses ice to save you money on first cost and the cost of owning.

Over 350,000 families are already familiar with Coolerator's advanced type of refrigeration. They like the way foods stay fresher, they like freedom from covered dishes, they like the dependability of ice as a safe refrigerator.

You can test these advantages for yourself in your own home. Coolerator's offer of a 30 day free trial makes this possible. Investigate today.

# National Hotel Week Observance Is Planned Here

## Local Citizens Are Invited To Inspect Buildings, Facilities

Jacksonville hotels this week are observing National Hotel Week, and have issued a special invitation to the public to visit their establishments, learn more about the services they have to offer, and to see the facilities they have available. National Hotel week will be observed from June 2 through June 8.

While the celebration will last all week long, the event will be highlighted Wednesday by a visit of the Peoria Hotel Association's traveling motorcade of 15 automobiles. The Peoria group will arrive here at 11 a. m. Jacksonville daylight time. The length of their visit has not been fully determined and plans for entertaining the group are not complete.

## First Hotel Built In America In 1794 In New York City

### Marked First Break From Former System of Taverns; Boston Had First "Luxury"

The hotels of Jacksonville are joining hotels all over the United States in celebrating National Hotel Week from June 2 to 8. This is the 148th year of modern American hoteldom, the first real hotel having been founded in 1794.

The honor of being "first" according to the American Hotel Association belonged to the City Hotel in New York. With 73 rooms and owned by a stock company rather than an individual it marked the first departure from the old-fashioned tavern, and is generally acknowledged as the forerunner of the hotel of today.

The first "luxury" hotel was the Tremont House in Boston, which no longer exists. It was built in 1829, and with 173 rooms was the "largest hotel in the world," with a dining room capacity of 200 guests—a staggering total for the times. Among the luxuries afforded by the Tremont House was free soap—not the dainty individually wrapped affair of today, but a solid chunk of coarse yellow soap to be used by one and all. Another innovation of the times was an individual key for every room, but it took many years for this practice to become general in hotels. Privacy was an unheard-of luxury, and anyone who asked for a room by himself was considered a fool, and hotels would usually not accommodate such persons.

## Hotels Have Led In Pioneering Newest Convenience Device

### Elevators and Bathtubs Were First Adopted in Hotels Of Nation

According to researches conducted by the American Hotel Association, as a feature of National Hotel Week, hotels have always led, and continue to lead, in pioneering new inventions and conveniences that make life more pleasant and more comfortable.

The first elevator was installed in a New York hotel. Modern plumbing was first used extensively by a hotel which actually went to the trouble and expense of installing water closets and running water above the first floor, until then deemed unnecessary. Even the bathtub, a great American institution, obtained its first real vogue in hotels, as did steam heat and the modern radiator. Hotels in several cities were among the first subscribers to the first telephone service. Electricity and its use for light, fans, cooking, power, and countless other purposes was first used, to any considerable extent, by American hotels. This tendency, the American Hotel Association points out, exists to this very day, as is evident by the adoption of air-conditioning and bedside radios by many hotels.

National Hotel Week will be celebrated throughout the country during the week of June 2.

### MAYOR PROCLAIMS NATIONAL HOTEL WEEK

Mayor H. H. Vasconcellos Saturday issued a proclamation setting aside the week of June 2-8 as National Hotel Week.

"National observance of Hotel Week is especially important during this 'Travel America' year," said Mayor Vasconcellos, "but we must not overlook the vast part that the hotels of this community play, every day of the year in our own local life."

"I sincerely hope that the contribution of our hotels to the community's welfare will be appreciated during celebration of National Hotel Week and that our citizens will become aware of the important role played by our hotels."

"I urge everyone to take this opportunity to become better friends with our hotelmen and to remember that they not only serve the strangers, but also our local residents in a variety of ways."

## AVERAGE HOTEL ROOM 12 x 15 FULLY COVERED WITH CARPET

A survey conducted by the American Hotel Association in connection with National Hotel Week, June 2-8, reveals that the average guest room is 12' x 15' in size, fully carpeted and about equally divided between paint and wall paper for decoration. It has 11 windows with steel frames, glass curtains, a roller shade and a pair of draperies made of velour, cretonne,

linen or mohair for each window. The room contents are twin or two double beds, upholstered chair, two straight-backed chairs, luggage rack, night stand, writing desk, waste basket, bed lamp, floor lamp, and desk or table lamp, as well as bath and bed linen. The average furnishing cost per room is \$383.32, with an annual depreciation of \$60.54.

## OVER BILLION CAKES OF SOAP FOR HOTELS

Guests in hotels throughout the United States used 1,200,000,000 cakes of soap supplied by the hotels last year and in addition, hotels used 77,000,000 pounds of cleaning soap, statistics compiled by the American Hotel Association reveal. The occasion for divulging this interesting information is the celebration of National Hotel Week, June 2 to 8.

Hotels employ 325,000 persons.

## A GOOD HOTEL is an ASSET to JACKSONVILLE

A SAMPLE OF PART OF OUR EXPENSES FOR 1939	
Supplies .....	\$30,031.01
Payroll .....	36,906.23
Heat, Light and Power .....	7,131.02
Repairs and Maintenance .....	2,469.46
Advertising and Mis. Expense .....	3,155.76
General Expenses .....	6,229.28
<b>Total .....</b>	<b>\$86,622.76</b>

Or an average of \$237.32 per day most of which was spent in Jacksonville.

Our Payroll alone in 1939 amounted to \$101.11 per day. In 1939 the Dunlap Hotel had a total of 28,273 Guests, who spent an estimated \$169,683.00 in Jacksonville, a large part of which was spent outside of the hotel.

Every hotel, large or small, is by virtue of its character the natural rendezvous of its community. It is literally an open house. It welcomes all who care to enter and who need its facilities.

Here generally will be found the largest and best appointed rooms designed for social functions. The banquets of civic organizations, such as the Chamber of Commerce, are usually held at the hotel. Luncheon meetings of various local business clubs are commonly listed on the hotel's bulletin board.

Wedding parties—large and small—dances, lectures, club meetings, bridge tournaments, sales meetings all gravitate naturally to the hotel.

Here are entertained the distinguished visitors to the community. Here the theatrical companies stop. Here the local business man meets and confers with men from out of town. Here in the comfortable lobby, meetings of all kinds are arranged. Here the family foregathers for an occasional dinner, when the weather is too hot for home-cooking or when mother wants a rest.

Hotels attract conventions, thereby advertising the community. In addition to this, 93 cents out of every dollar spent by delegates reaches the community, either through the hotel or by direct expenditure.

# THIS WEEK IS "OPEN HOUSE"

For the second time in history, the Hotels of the United States are setting aside a week in which to point out to the people of their communities just why they are such an important cog in the social life of a community—and to tell them just how much out of every dollar taken in is respend in other local channels.

This week, June 2 to 8, the management of the Dunlap Hotel cordially invites you to make a special visit to the hotel. They urge you to inspect the hotel, the coffee shop, the Mayfair room.

## THE HOTEL

Inspect the general appearance of the hotel. Judge for yourself whether or not it is a building for Jacksonville to be proud of—see if it is not completely equipped to serve the social needs of this community.

## MAYFAIR ROOM

The newly decorated Mayfair room is one of the finest cocktail lounges in the state. You will enjoy its beautiful surroundings and air conditioned comfort.

## COFFEE SHOP

Good food, pleasant atmosphere and courteous service join together to make the coffee shop an ideal place to take your friends to eat. Make a special effort to dine here during National Hotel Week.

# Tourists Are Advised To See America This Summer

## National President Of Hotel Association Sees Banner Season

New York, June 2.—Observance throughout the country of National Hotel Week, which began June 2, occasioned the statement by Thomas D. Green, president of the American Hotel Association, that "this year should prove to be one of the banner travel years of all-time in this country."

Mr. Green further said: "In 1940 it is estimated that American travelers at home will spend over six billion dollars. The expenditure of this huge sum, scattered as it will be in every corner of the land, should have considerable influence on the nation's total national income for 1940. As we celebrate National Hotel Week we pledge that the 16,000 hotels in this country stand ready as always to do all in their power to make life pleasant and comfortable for American travelers."

Mr. Green pointed out that the official slogan for National Hotel Week is "Hotels: An Asset to the Community, a Service to the Nation" and said that when the tide of tourist travel swells to the large proportions which are expected this year, this slogan becomes truer than ever. "No matter where a traveler may find himself in

this broad land he is never very far away from a hotel where keenly alert men and women are at his service and where every effort is made to provide convenience and comforts to make the traveler's stay pleasant," said the hotel leader.

"As the hub of community life, from the local standpoint, the hotel is an important focal point in the tourist trade from which radiates considerable spending for merchandise and services. Without the hotel many communities would lose this added dollar volume of business."

Various impartial surveys have revealed that a visitor's dollar is spent in a community as follows: hotels—28%, restaurants—14%, retail stores—32%, garages, gas and oil—6%, theatres—10%, railroad and local transportation 10%. In addition, most of what the hotel takes in is immediately spent in the local community in wages and salaries, taxes, and for light, heat, power, supplies and services.

Because cleanliness and sanitation are a fetish with hotels, last year they repapered 210,000,000 square feet of wall space, and wrote checks for \$3,000,000 worth of paint and varnish. To say nothing of the 1,200,000,000 cakes of soap they provide annually for guests.

There are approximately 16,000 hotels of over 25 rooms in the United States, containing 1,200,000 guest rooms. The total value of hotel property is three billion dollars (\$3,000,000,000).

Sleep is important—the mattress bill amounts to \$1,400,000. For electric light bulb replacement hotels pay \$3,000,000.

## FINAL ASSEMBLY FOR ROODHOUSE H. S. HELD; AWARDS PRESENTED

Roodhouse, June 1.—The final assembly for the Roodhouse Community High school was held Friday evening, May 31. The following awards were given out at that time: The Washington University Award was given to Clair Gene Whitney, son of Mr. and Mrs. H. H. Whitney; The Daughters of the American Legion Award was received by Martha Ballard, niece of Mr. and Mrs. H. A. Casteel; and Donald Sifton, son of Mr. and Mrs. Lee Sifton, received a medal for attending school for twelve years without being absent or tardy during that time.

### News Notes

The commencement exercises for

the Roodhouse Community High school were held Friday evening, May 31, at the Baptist church at eight o'clock. These honors given at that time were: Salutatorian, Lloyd Andrews, son of Mr. and Mrs. Ellis Andrews; valedictorian, Dale Mueller, son of Mr. and Mrs. Elmer Mueller; honorable mention, Joyce McCool, daughter of Mr. and Mrs. William McCool of Patterson.

Miss Ida Dixon of Alton, Ill., Mrs. Carl Denman of St. Louis, Mo., and Mrs. Ella Scott spent Decoration Day in Roodhouse visiting Mrs. Maude Plahn, Mrs. Scott remaining for a longer visit.

The larger hotels, 68% of which do their own baking, bought 171,000,000 pounds of flour.

Hotels last year paid the staggering total of \$58,000,000 in real estate taxes alone.

## Booklet Tells Who Gets Dollar Spent In Nation's Hotels

Only 28 Percent of Money  
Spent By Visitors Goes  
To Hotel

In order to promote knowledge of their part in community life during country-wide observance of National Hotel Week from June 2-8, the hotels of Jacksonville are distributing an interesting booklet entitled "Who Gets Your Hotel Dollar?", in which it is pointed out that of the money brought into any community by visitors staying at local hotels, only 28% goes to the hotels, the rest being distributed as follows: retail stores, 32%; restaurants, 14%; garages (including gas and oil) 6%; theatres, 10%; railroad and local transportation, 10%.

Moreover, of every dollar retained by the hotel, 26c is spent for local payrolls, 20c for food, beverages, cigars, etc., 28c for sundry supplies and services, 7c for real estate taxes, and 8c for depreciation.

Among the many other interesting facts in the book is a set of rules displayed by an early 19th Century tavern. These rules required that no more than five were to sleep in bed; that no boots were to be worn in bed; that organ-grinders were to sleep in the wash-house, and that no razor-grinders or tinkers would be taken in.

The tremendous strides made by hotels in safety, sanitation and service may be judged by a quotation from Paul's Journal of Health published in 1859. Among hints to travelers is the following advice: "The easiest, if not most secure, fastening of your chamber door is a common bolt on the inside. If there is none, lock the door, turn the key so that it can be drawn partly out, and put the wash-basin under it. Thus any attempt to use a jimmy, or put in another key, or push it out would cause a racket among the crockery—which will be pretty certain to rouse the sleeper and rout the robber."

## DR. M. L. PONTIUS TO CONDUCT SERIES OF MEETS IN CASS

The Christian church in Virginia, Illinois, was organized in 1839 by Rev. Wm. Brown. For many years, prior to last autumn, the church has been pastorless. September, 1939, Rev. L. R. Cronkrite became pastor at Virginia, the Central church of this city agreeing to aid the church financially until such time as the church is self supporting. The church, Bible school and other organizations have been re-organized since Rev. Cronkrite began work there.

Beginning this evening at 7:30 (Central Standard Time) the first of a series of sermons will be presented in the Virginia church by Dr. M. L. Pontius of this city; Central church

having loaned the local pastor for a two weeks' meeting with the Virginia church. The services will be held each evening from June 2nd to June 16th inclusive, excepting Saturday evenings.

Rev. Cronkrite and the members of the Virginia church report excellent preparation has been made for this meeting. He came to Virginia after a twelve year pastorate in Petersburg, prior to that time he was pastor of the church at Lynnville. The fine church building at Lynnville was erected during his pastorate there.

They used 51,000,000 pounds of meat, 16,000,000 dozens of eggs, 12,000,000 pounds of fish, 5,000,000 quarts of oysters, 45,000,000 pounds of butter, 14,000,400 gallons of milk, 41,000,000 pounds of coffee, 2,000,000 pounds of tea.

Boston, June 1.—(P)—Behind the seven-hit pitching of young Mickey Harris, the Boston Red Sox opened their second home stand of the season today by edging out a 2 to 1 victory over the Chicago White Sox on the stretch of a screaming fourth inning home run by Jimmy Fox.

The slugging first baseman poled Jack Knott's pitch into the deep left centerfield screen, bringing home outfielder Ted Williams who had singled ahead of him. The blow was Fox's 12th homer of the season and boosted his runs batted in total to 41.

Three of the seven hits chipped off Harris, as he went the route to win his third game of the year against one defeat, came in the ninth when Chicago did its only scoring.

Mike Kreevich singled to left, went to second when Taft Wright went on an infield out, advanced to third on Luke Appling's single to right and crossed the plate when Larry Rosen-thal rapped another single in the same area.

Ted Williams accounted for the second Chicago out with a sensational running catch of Eric McNair's line drive while racing toward the left field foul line. Bobby Doerr threw out Tommy Turner at first for the final out.

By innings: R H E Chicago ..... 000 000 001—1 7 1 Boston ..... 000 000—2 9 1 Knott; Brown and Tresh, Turner, Harris and Desautel.

**Yanks 8; Browns 5**  
New York, June 1.—(P)—The Yankees toyed with the St. Louis Browns through four innings today, then exploded a four-run bomb in the fifth and went on to an 8 to 5 victory to hit the 500 mark in the won-and-lost standings for the first time since May 3.

George Selkirk's fourth homer of the year, with two mates on base, featured the fifth inning outburst, and just about broke up the ball game.

The Yanks collected an even dozen hits for Emil (Hillbilly) Bidilli and John Kramer.

By innings: R H E St. Louis ..... 111 002 000—5 9 1 New York ..... 111 040 018—8 12 1 Bidilli, Kramer and Swift, Susie, Chandler, Murphy and Dickey.

**Athletics 6; Indians 1**  
Philadelphia, June 1.—(P)—Pitching one of the best games of his career, Lee "Buck" Roge, yielded only two hits today in twisting the Philadelphia Athletics to a 6 to 1 victory over the Cleveland Indians.

Hal Trovsky, Cleveland's hard-hitting first sacker, clouted his 12th homer of the season in the second inning for Cleveland's only run and only hit until the ninth when Roy Weatherly singled.

By innings: R H E Cleveland ..... 010 000 000—1 2 1 Philadelphia ..... 210 020 108—6 9 2 Allen, Dobson, Harder and Hemsley; Ross and Hayes.

**Detroit 12; Nats 3**  
Washington, June 1.—(P)—Detroit swamped the Nationals, 12-3, today as Buck Newsom pitched the route for the Tigers to gain his sixth victory of the season. The Tigers blasted Willis Hudlin, recently released by Cleveland and signed by the Nats' from the mound after two innings and continued their attack on Joe Karaukas and Bucky Jacobs. Hudlin yielded five hits and as many runs in his brief engagement.

By innings: R H E Detroit ..... 322 016 301—12 19 2 Washington ..... 000 100 200—3 12 2 Newsom and Sullivan; Hudlin, Karaukas, Jacob and Ferrell, Early.

**Merchants Will Meet Lumberjacks**

**Jacksonville Team Remains In Unbeaten Class With Three Decisions**

The Jacksonville Merchants, unbeaten in three starts this season, will entertain the Fitzpatrick Lumberjacks of Springfield here Sunday afternoon at the Mauvasterre park diamond. The game will get under way at 2:30 o'clock.

Boasting the same lineup that played the Palmer House colored team of Chicago for the district semi-pro championship last year, the Lumberjacks are rated as one of the fastest baseball squads in Central Illinois. In the Merchants they will find a team that has been able to stop all comers so far this year.

Manager Carl Bacon of the Merchants has announced lineups as follows:

Lumberjacks—D. Schaine, 2b; Ross, 3b; Pompei, cf; M. Schaine, rf; Steele, 1b; Keinen, ss; Roberts, c; Free, lf; B. Reisch, p.

Merchants—L. Bacon, cf; Shay, 2b; Buban, 3b; Payne, p; Woods, rf; Beeley, 1b; P. Smith, ss; C. Bacon, c; Barnes, lf; Ferguson, lf.

**OHIO STATE WINS**

Columbus, O., June 1.—(P)—Ohio State's offensive struck hard in the 5th inning today to break up a pitching duel with a seven run barrage and start the Buckeyes toward a 12 to 0 victory over the University of Cincinnati. Nichols, Ohio State outfielder, turned catcher for the day, contributed a homer and a triple to the 14 hit outburst.

**Schedule Softball Games This Week In Y.M.C.A. League**

**Practice Contests Will Be Staged Before Start Of Regular Season**

The rains of the past week completely disrupted the schedule of practice games of softball. Teams, however, are "raring to go" and after another week or so the formal schedule will be started. Practice games this week will help round teams into shape.

Other teams have indicated that they would also like to enter the leagues. Any such should notify Secretary Hermann of the Y.M.C.A. and secure a supply of player registration cards. As rapidly as these cards are filed with the Y.M.C.A. secretary they are recorded as members of that team and cannot sign with any other until formal release.

Associated with Mr. Hermann as commissioners of the Jacksonville Softball League are Milton Edge and William Crabbe, both of the West State A&P store.

Practice games are being scheduled for 6:45 and 8:00 p. m. with the third period of the evening being left open for an additional game.

A Saturday Night League of 4-H clubs is being organized through the cooperation of Farm Advisor Coolidge. Clubs interested should communicate with him.

An older men's league, for men more concerned with exercise than the thrill of playing before a crowd, is also proposed. If it is organized games would be scheduled for it at the supper hour—6:00 o'clock—with league games to follow.

The games for next week are as follows:  
Monday, June 3—6:45, DeMolay vs. Myers Bros.; 8:00, Ill.-Iowa Power vs. C.C.C. Enrollees; 9:15, open period.  
Tuesday, June 4—6:45, Sons of Legion vs. Lucky Boys; 8:00, Dunbar Center vs. Buick-Oldsmobile; 9:15, open period.  
Wednesday, June 5—6:45, Chapin High vs. Lukeman Clothiers; 8:00, DeMolay vs. C.C.C. Enrollees; 9:15, open period.  
Thursday, June 6—Dunbar Center vs. Corryell Gas; 8:00, Ill.-Ia. Power vs. Buick-Oldsmobile; 9:15, open period.  
Friday, June 7—6:45, Myers Bros. vs. Lucky Boys; 8:00, Sons of Legion vs. Lukeman Clothiers; 9:15, Chapin High vs. Corryell Gas.

**Iowa Nine Clinches Third In Standings**

Iowa City, Ia., June 1.—(P)—Iowa's baseball team defeated Minnesota, 8 to 3, here today in the final game of the Big Ten's 1940 season and thereby clinched third place in the conference standings.

By sweeping the two game series the Hawkeyes finished with eight victories and three defeats, just a half game below the co-champions, Illinois and Northwestern, who won nine and lost three.

The Gophers, who could have taken the title by downing Iowa in both contests, wound up in fourth place with six victories and four losses.

Bob Stastny, who went the route for Iowa, gave up 10 hits, but kept them scattered throughout the game. He pitched three Minnesota pitchers allowed only seven.

**Cubs Rally, Defeat Dodgers; Reds Nose Out Boston's Bees**

**Philadelphia Wins From St. Louis Cardinals By 5-4 Score**

**NATIONAL LEAGUE**

Chicago, June 1.—(P)—Al Todd's home run, leading off the 12th inning, gave the Cubs a 4 to 3 victory over the slumping Brooklyn Dodgers today, after the Chicago outfit had come from behind to tie the game up with a three-run blast in the sixth.

The Dodgers not only dropped the decision, which sank them three full games behind the National League leading Cincinnati Reds, but they also lost their classy rookie shortstop, Harold (Fee-Wee) Rame. One of relief pitcher Tex Carleton's slants in the 12th hit Reese on the back of the head and knocked him out. He was taken to a hospital (Illinois Masonic) where he was pronounced suffering from a severe concussion.

**Good Relief Hurling**  
The game was featured by the relief pitching of Mooly, who took over in the sixth after Ken Raffensberger was lifted for a pinch hitter, and Tot Pressnell, who relieved Tex Carleton during the Cubs' sixth-inning uprising. Mooly gave up two hits in the sixth frame and tossed hitless ball the rest of the way. Pressnell allowed only three hits through the last six chapters, but one of them was Todd's game-wrecker.

The Dodgers got to Raffensberger in the fourth and fifth for all their scoring. Singles by Ernie Koy, Joe Vosmik, Cookie Lavagetto and Joe Gallagher produced two tallies in the fourth and Koy's triple drove in the third Dodger run in the fifth.

Billy Herman opened the Cub sixth with a homer. Jimmy Gleason walked and Hank Leiber singled to send Carleton to the showers. Bill Nicholson greeted Pressnell with a base hit, scoring Gleason and Leiber brought the tying run home on an infield out.

By innings: R H E Chicago ..... 000 210 000—3 9 0 Brooklyn ..... 000 030 001—4 8 1 Carleton, Pressnell and Mancuso; Raffensberger, Mooly and Todd.

**Cincinnati 3; Boston 2**  
Cincinnati, June 1.—(P)—The Cincinnati Reds trounced the Boston Bees 3 to 2 today behind Gene Thompson's three-hit pitching, but the Bees played under protest as the result of a second-inning incident.

Frank McCormick singled to start the second and Ernie Lombardi waited out Bill Posedel to a three-nothing count. On the fourth pitch Lombardi thought Umpire Bill Stewart saved him to first. Ernie started to walk and McCormick sauntered toward second.

Stewart, however, meant the ball was a strike. Catcher Al Lopez of the Bees threw to second and McCormick was tagged. After huddling, the umpires sent McCormick back to first and made it 2 to 1 on Ernie. Manager Casey Stengel of the Bees protested, then Ernie doubled, scoring Frank.

By innings: R H E Boston ..... 000 002 000—2 3 0 Cincinnati ..... 010 020 008—3 9 0 Posedel and Lopez, Thompson and Lombardi.

**Phil's 5; Cards 4**  
St. Louis, June 1.—(P)—The Philadelphia Phillies defeated the Cardinals, 5 to 4, today behind the 4-hit pitching of Hugh Mulcahy but Morrie Aronovich's pinch-single in the eighth inning was the clincher.

That blow also spoiled another story about pinch hitters coming through in the clutch, for the Cardinals had tied it up 4-4 that way.

Johnny Hopp carried the wood to the plate for Joe Orango in the seventh and smashed a mighty triple. He was followed by Don Padgett, tomato-faced giant battering for Clyde Shoun, who hit a homer inside the park.

Errors were important factors in the contest, three of the four St. Louis bobbles and two Phil mistakes contributing to the scoring.

After Mulcahy was relieved for the pinch hitter Lloyd Brown held the Cards hitless the last two innings.

By innings: R H E Philadelphia ..... 000 013 010—5 11 3 St. Louis ..... 101 000 200—4 4 4 Mulcahy, L. Brown and Atwood; McGee, Shoun, Russell and Owen.

**Barber Brothers In Peoria Match**

**Willie Barber Takes Place Of Buckley In Windup Of Feature Contest**

Jerome and Willie Barber, Jacksonville's golfing brothers, will oppose Gus Moreland and Art Andrews, Jr., in the last 18 holes of a match Sunday afternoon in Peoria that was to have included James Buckley as the second member of the local team. Buckley is out of action with a wrist injury, with Willie Barber stepping in as his substitute. The Sunday match is the concluding chapter to 18 holes played on the Jacksonville Country club course several weeks ago in which the Peorians finished 3-up over Jerome Barber and Buckley.

Buckley fell on steps at Illinois College a few days ago, injuring ligaments on his wrist. Willie Barber, who joins his brother in completing the match, is present champion of the Mt. Hawley Country club course at Peoria, over which the match will be played.

Moreland, former Western amateur champ, and Andrews are among the leading golfers in Illinois.

**BIRTH RECORD**

Mr. and Mrs. Tom Norman, 347 North Webster avenue, are the parents of a son born Saturday morning at Passavant hospital. Mrs. Norman was formerly Frances Wells.

**Better Golf And How To Play It**

By JAMES MCGREW  
Manager of Nichols Park Course

**WHEN TO USE EACH IRON**

Physical strength, particularly the strength in the hands and wrists, is so vital in acquiring great distance, and our physical differences are so great that I fear this lesson will be open to criticism unless I explain quickly. The distances recommended here are for the average golfer—such as the week-end player but there is thought value here too for those that shoot in the "70's" and "80's." So no matter in what category you place yourself—REMEMBER:

The lofts on the clubs are not accidental but have been established by many years of research. Present day low-scoring confirms more or less that these lofts are correct.

No matter what your strength is, if each club is played correctly—that is, allowing the loft of the club to impart the trajectory intended—the differences in distance will not be great. The strong player will find his greatest advantages, in reaching these distances, to be that he can use a shorter, better controlled back swing rather than force his strength.

So the distances indicated below are for that week-end and are subject to adjustment by the persistent heavy hitter:

No. 2 iron, 175 to 185 yards.  
No. 3 iron, 165 to 175 yards.  
No. 4 iron, 155 to 165 yards.  
No. 5 iron, 145 to 155 yards.  
No. 6 iron, 135 to 145 yards.  
No. 7 iron, 120 to 135 yards.  
No. 8 iron, 105 to 120 yards.  
No. 9 iron, 85 to 100 yards.

These are often knocked all cock-eyed even by the week-end who is overheard saying, "What did you use there, John?" and then with the usual male pride in his strength, proceeds to take the same club and knock one inside of his big husky opponent's.

But that is only occasionally. Most of the time we "under-club" and try to whangle the side of the ball and play the next one out of the asparagus.

So cast pride aside. If John has been hitting them farther, take the next stronger club. When you think you can get home with a four iron, take your three and hit the ball smoothly. You will be on many more times than you're over, and the asparagus patch will know you no more.

**NORTHERN TEACHERS**

Macomb, Ill., June 1.—(P)—Northern Illinois teachers defeated Western Teachers twice today, 4 to 3 and 4 to 4, enabling State Normal to take over first place in the Illinois intercollegiate conference baseball race.

Western had been leading the race for several weeks.

Charles, Edward, George, Henry, John, Joseph, James, Robert, Thomas and William are the 10 most popular male names in America.

**Students At Illinois School for Deaf Have Picnic, Field Meet**

**Senior Class Rolls Up 32 Points To Take Laurels Of Day's Meet**

Yesterday students at the Illinois School for the Deaf had their annual picnic and field day program. The morning was given over to track and field events for younger boys and the afternoon saw an interclass track and field meet, the first of its kind ever held at the local school. With an array of cinder path veterans, the senior class rolled up a total of 32 points to take the day's laurels. The other classes finished in the following order: Juniors, 27; Fresh, 22; Sophomores, 19.

The affair was in charge of boys physical director, Charles Marshall. Coach Kenneth Wilson was the starter; David Mudgett, the scorer and referee; and Fred Fancher, Moore Stelle and William Johnson were the judges.

The summaries:  
100 yard dash—1. Bennie Schraeder, Soph. Time, 10.4 sec. 2. James Mitchell, Sen. 3. Richard Durham, Fresh. 4. David Ralsky, Sen. Mile run—1. Allimer Jackson, Fresh. Time, 5 min. 21.8 sec. 2. Romeo Jackson, Fresh. 3. Edmund Witczak, Jun. 4. William Hogan, Fresh.

Running high jump—1. Farris Connor, Jun. Height, 5'8". 2. Percy Burris, Sen. Height, 5'7". 3. Vincent Cavallo, Soph. Height, 5'11". 4. Richard Tansar, Soph. Height, 4'9".

440 yard dash—1. Farris Connor, Jun. Time, 56.2 sec. 2. John Bulliner, Sen. 3. Richard Nelson, Soph. 4. Romeo Jackson, Fresh. 200 yard low hurdles—1. Robert Arman, Jun. Time, 28.0 sec. 2. Frank DeVito, Fresh. 3. Roger Deason, Jun. 4. Robert Munro, Fresh.

220 yard dash—1. James Mitchell, Sen. Time, 25.4 sec. 2. Bennie Schraeder, Soph. 3. Harold Burris, Sen. 4. Norbert Kladja, Fresh. Shot put—1. Robert Arman, Jun. Distance, 39'8". 2. Vincent Cavallo, Soph. Distance, 36'1". 3. Roger Deason, Jun. Distance, 34'8". 4. Paulino Vegas, Soph. Distance, 34'8".

880 yard relay—1. Seniors (P. Burris, Ralsky, H. Burris, Mitchell, Time, 4 min. 45.7 sec. 2. Juniors 3. Sophomores 4. Freshmen.

## Landscape Gardens At Farm Homes Will Be Visited June 6th

Three Cooperators Now In  
County Will Be Hosts To  
Friends, Neighbors

Landscape gardening will have its "premiere" in Morgan county on Thursday, June 6 when the three farm and home bureau cooperators who are to have demonstration homes and grounds will be hosts to their friends, neighbors and other interested in developing their homesteads into more useful and attractive places.

During the tour which starts at 10 o'clock A. M. (standard time) the visitors will have an opportunity to become familiar with these landscape demonstration homes so that comparisons can be easily made from year to year and on subsequent landscape tours. The three local demonstrations are part of a state-wide program which is being conducted in cooperation with home owners by County Farm and Home Advisers and the Extension Service is Agriculture, and Home Economics of the College of Agriculture, University of Illinois.

First stop on the tour will be made at the home of Mr. and Mrs. Lester Martin east of Sinclair, at 10 A. M. From there the visitors will go to the Mr. and Mrs. Frank J. Flynn, south of Woodson at 1:15 (standard time) and then conclude the tour at the home

of Mr. and Mrs. C. J. Lonergan at 2:30 P. M. (standard time). At each of the stops a discussion will be conducted on landscape problems. Leading this discussion will be Henry W. Gilbert, extension specialist in landscape gardening, College of Agriculture, University of Illinois. This will be an opportunity to hear many questions asked and answered concerning plants to use in the landscape program for the farmstead. Indications that the tour may draw a large audience and that Morgan county people are out to make their homesteads known for their landscape improvements are seen in the fact that tree and shrub planting has been in the increase this spring. It is reported by the Farm and Home Advisers. It is suggested that visitors take their lunch, eat with the group and spend an enjoyable day.

## Sixteen Complete Rigid Water Safety Course This Week

Red Cross Expert Winds Up  
Work Here; All Passing  
Have Summer Jobs

Sixteen persons passed the rigid water safety tests given by William C. Lucey, Red Cross life saving expert, during his week's stay in this city. The tests were held each night at the pool in the school for the Deaf gymnasium. All of the persons who completed the work have jobs for the summer as life guards, recreation leaders in boy and girl scout camps, etc., for which satisfactory records in this course are required.

Katherine G. Watson and Bob Wood, who were appointed Water Safety Instructors because of renewing the course; and Frank Sheppard, Jerome Proterman, Mabel Holle, Elizabeth Ann Ryan, Thomas Herbert Carter, Maxine Miller, Art Lindgren, Phyllis Spiera, Mabel Konif, Anita Lethin, Virginia Burton, Charles Clyde Marshall, Vina Maliner, and Betty Rowen, satisfactorily completed the course for the first time and are now Water Safety Instructors for this Chapter.

## County Federation Will Hold Luncheon

Club Women of County Will  
Attend Annual Meeting  
Next Wednesday

The Morgan County Federation of Women's clubs will hold its annual luncheon meeting Wednesday, June 5th at MacMurray college. The business meeting will open at 12 o'clock (DST). A cooperative luncheon will be served at 2 o'clock, followed by a program. Mrs. M. S. Zachary, president of the County Federation has announced the speaker to be a representative of the Federal Bureau of Investigation, from Springfield.

During the business session the election of officers will be held and the awards given by the Rev. James Caldwell chapter D.A.R. in the essay contest will be made to those taking part in the county contest.

There will be several musical numbers during the afternoon, including directions by the Waverly Women's club chorus.

Mrs. Abe Wehl is general chairman of the luncheon, assisted by members of the Jacksonville Women's club. The South Side Circle will have charge of the tea and coffee and the Strawn's Crossing club will serve as the committee for ice-cream.

All clubs in the County Federation are asked to present names of their deceased members, who passed away during the last year, to Mrs. Zachary for memorial service. Members of all federated women's clubs in the county are asked to be present.

**FUNERAL NOTICE**  
Funeral services for Henry H. Jenkins will be held at 8 o'clock Sunday morning from the Gillham Funeral Home, in charge of Rev. M. M. Blair. Interment will be in Oakland cemetery at Carbondale. The body will be returned to the Funeral Home an hour before the services.

**AT MATANZAS**  
Misses Ruth and Grace Rapp, Mr. and Mrs. James Pyatt, Mr. and Mrs. Ira Allen and Cloyd Wilson spent Memorial Day with Miss Hazel Claus at her cottage on Matanzas Beach.

## Senior Members Of Choir Will Attend Opera at St. Louis

Sixty Students and Parents  
Will Make Trip Monday  
To Forest Park

The annual trip for Senior members of the Senior Choir of the Jacksonville High school will be taken to St. Louis Monday, June 3. Over sixty students, parents and faculty will leave for that city early Monday morning. The students will not follow any set schedule during the day, however there will be shows, picnics at the park, shopping and ball games.

At five o'clock (Central Standard Time) all students will meet at the Statler Hotel and dine together. From there they will go to the Municipal theater, to see "The American Way." Jack Roy is the retiring president of the club and is serving as chairman of the days activities. The club will be accompanied to St. Louis by the following group:

Dr. and Mrs. Stoops, Mr. and Mrs. J. C. Mutch, Mrs. F. L. Rataichak, Mrs. D. C. Livengood, Mrs. J. A. Roy, Mrs. F. H. Rowe, Mrs. Robert Allan, Mrs. E. H. Schwab, Mr. and Mrs.

Claude Jewsbury, Mr. and Mrs. Wm. H. Ricks, Mr. and Mrs. S. B. Kumble, Irene Groves, Helen Kamm, Anna Doane.

Seniors in attendance—Mary Alor, Mary Bancroft, Ardeen Black, Frances Fisher, Joan Gilchrist, June Gill, Betty Ann Green, Ruthanette Grogan, Rachel Husted, Margaret Foley, Helen Ingram, Lucy Jewsbury, Lucille Kumble, Jean Livengood, Joan Lukeman, Myrna Mansfield, Mimi Meyers, Pauline Miller, Clara Benson Neils, Ruby Newberry, Anna Louise Rataichak, Alice Ricks, Gwen Schwab, Mary Margaret Spencer, Mary Frances Allen, Sam Butler, Tom Caldwell, Sam Fancher, Bill Goebel, Phil Heneghan, Earl Mariman, Art Mensel, Marcy Osborne, Jack Roy, Otto Splith, Earle Underbrink, Arthur Vorhees, Maurice Oliver, Bob Mallicoat, Richard Allan, Wm. Sullivan.

Each year the Seniors write the incoming presidents to accompany them. This year Carol Coultas—Pres. Treble Clef; Harris Rowe—Pres. Boys' Glee Club; Leo Heneghan—Pres. Senior Choir.

## STOCK REDUCTION SALE

## GILLHAM FUNERAL HOME JACKSONVILLE, ILL.

Dear friends:

If you will think of recent funerals you have attended, we believe you will discover that each one has left with you a "memory picture."

The flowers, the music, the message of the minister, the general arrangements—all these are a part of the picture.

And it is our task—as we see it—to make that picture just as beautiful and satisfying as it possibly can be.

Respectfully,

J. L. Gillham  
Funeral Director

## White Hall Holds Impressive Rites On Memorial Day

Rev. Albert Monroe Speaks At Cemetery; Decorate Veterans' Graves

White Hall—There was a large crowd at the White Hall cemetery Thursday morning to visit graves of departed loved ones and to attend the Memorial Day services held at the entrance to the cemetery. The American Legion, Spanish War Veterans, Boy Scouts, and the Music Club and men from the church took part in the ceremonies.

Frank Dawdy was chairman of the day and Rev. Albert Monroe a Legionnaire was the speaker. The music club and men sang "Star Spangled Banner," "Let Us Forget," and "America the Beautiful." Rev. Monroe gave the prayer and address.

The color bearers were Joseph Johnson and Frank Sikwood, Spanish War veterans. A. B. Smith, the only Civil War veteran now living in White Hall was unable to attend because of the critical illness of his wife, who has been seriously ill for some time. White Hall also claims A. A. Lorton, a Civil War veteran, who lived here until a few years ago when he went to Murrayville to live with his daughter, Mrs. James Simonds.

There were many visitors in White Hall for Memorial day, a number coming for long distances to the cemetery and to see relatives and friends. The many beautiful floral decorations and the well kept lots in the cemetery made a very pretty picture. Flags had been placed on all soldiers and sailors graves under the direction of C. A. Whiteside of Carrollton, a former resident of this city and county superintendent of schools. He was assisted by Boy Scouts in placing the flags.

**Motor Catches Fire**  
The fire department was called to the White Hall elevator Thursday just before noon, when a motor in the elevator caught fire. However men at the plant used a hand extinguisher and had the fire out by the time the department arrived.

**News Notes**  
Dr. and Mrs. Lee Halbert of Springfield were guests of Mr. and Mrs. W. F. Short, Thursday.

Mr. and Mrs. Clarence Tunison of East St. Louis were guests of Mr. and Mrs. L. W. Tunison and other relatives Thursday.

Mrs. C. C. Grimmer and daughter, Louis de Deur were guests of the Misses Mary, Lara and Belle Stubbfield, Thursday.

Mrs. Roy Strang and Josephine Tankersley of Peoria visited here Thursday and Friday. Mrs. Strang visited with Mr. and Mrs. Norman Davis, Mrs. Dan Ozburn and other relatives and friends.

Mrs. Thomas Smith gave a lawn party Friday afternoon complimenting her little daughter, Carolyn, on her eighth birthday.

Mr. and Mrs. George Van Horn of Wood River were guests of her father, John Moore, and Mrs. L. O. Goodrich Thursday.

Mr. and Mrs. Robert Campbell of East St. Louis visited with Mr. and Mrs. L. O. Goodrich Thursday.

M. H. Stubbfield of Chaffee, Missouri, visited with Misses Stubbfield and Mrs. Nellie Ferguson Friday and Saturday, going from here to Decatur.

## Routt High School Commencement Will Be Tuesday Evening

Bishop James A. Griffin Of Springfield Will Give Address to Class

The 35th annual commencement exercises of Routt college high school will be held at new Liberty hall Tuesday evening, June 4, at 8 o'clock. The program will be as follows:

**Processional.**  
Serenade (Schubert)—Girls' Glee Club.  
Valedictory—Helen Duffner.  
Prayer from Haensel and Gretel (Humperdinck)—Beautiful Dreamer (Foster). The Night Will Never Stay (MacCarthy)—Special Chorus.  
Diaphanas.  
Country Gardens (English folk song)—Girls' Glee Club.  
Address—The Most Reverend James A. Griffin, D.D.  
Salutation (Gaines): Song of the Anvil (Hountz)—Girls' and Boys' Glee Club.  
Recessional.

**Senior Class Roll**  
Charles Blesse, Robert Berger, Mary Ellen Carson, Helen Frances Devlin, Arthur Droege, Helen Elizabeth Duffner, Mary Barbara Gruber, Eileen Agnes Hamilton, William Henry Genevieve Hermes, Paul Joseph Langdon, Harry David Lavery, John Longman, Leona Longman, Rita Mae Longman, Dorothy McGinnis, Edgar John McGinnis, Jane Frances Ryan, Betty Spitzer, Virginia Spreen, Dorothy Anne Zeller.

The American Legion award and the Legion Auxiliary award will be presented at the grade school on Wednesday at 9:30 o'clock. Edward Ring, son of Mr. and Mrs. Edward Ring, will be awarded American Legion award, and Betty Longman, daughter of Mr. and Mrs. W. D. Longman, will receive the American Legion Auxiliary award.

## "I KNOW . . ."

Dutch by birth, an American by adoption, Hendrik van Loon knows war. In 1914, when a reporter for the Associated Press stationed in Belgium, he saw the tragic evacuation of Belgians and his fellow countrymen.

By Hendrik Willem van Loon  
"To the People of America:  
"You, who slept in a comfortable bed in a comfortable home last night. You, who enjoyed a comfortable breakfast with all the coffee and cream you wanted, eggs and bacon and a chat with your wife before going to town. You, whose children happily watched out to school this morning, looking at the pretty airplane flying overhead without rushing, shrilly back towards the house to find shelter in the cellar. You, who still may believe, even now and after endless warnings, that such things cannot happen here. I am addressing myself to YOU."

"This same night literally millions of men and women and children have slept out in the open. They have had no breakfast. They have had no sleep. They were told to run, to run for their lives, for the merciless tanks were coming, throwing flames and streams of lead crashing and destroying everything they met on their onward rush."

"They have lost everything they had worked for, everything their grandfathers had worked for, their grandmothers and great-grandmothers had worked for and scraped for. Their less fortunate neighbors lay dead by the roadside, their limbs broken by the weight of tanks and motorized guns, their brains spattered over the soil that had been theirs for countless generations."

"I know where I speak. Twenty-six years ago I saw just such a flight. I was in it and even today I do not know how I got out of it. But then warfare was civilized, compared to what it is today. And listen to me, YOU in your comfort and security, it is but by the grace of God that those things are not happening to you today. And then, if you have any compassion upon your fellow-men in France and Belgium, dig into your pocket."

"Stop feeling sorry for yourself, for nothing has ever happened to you that millions of your fellow-men. Stop thinking. Just feel. And get hold of whatever small cash you can find and send it to your local Red Cross Chapter. Every cent will go to those unfortunate victims of Hitler's demerit you say. Give as much as you can. The Red Cross alone now stands between life and death for those hapless millions. The AMERICAN RED CROSS. Mark that word AMERICAN and give."

"All funds collected in the Red Cross War Relief Appeal go for the work of the war sufferers." W. Harris Pankhurst, chairman of the Morgan County Red Cross Chapter War Relief Appeal stated Saturday. Eighty-five per cent of the money collected is sent directly to National Red Cross headquarters to purchase medicine, dressings, clothing, ambulances, food, etc., and the fifteen per cent balance remains in the local chapters for the purchase of materials to make refugee garments and wool and yarn for knitting sweaters, socks, caps, etc. These garments are made by local volunteer service groups in our own community, and as soon as sufficient funds have been contributed to the War Relief Fund here groups of women will be organized to sew and knit garments for the refugees."

Mr. Pankhurst said that a total of thirty-four individuals and firms have contributed to the local War Relief Fund voluntarily, amounting to \$182.50. The donors whose names have not been printed previously are: Mrs. Nelson McMurphy, Louis Elkins, Mrs. Lillian I. Danskin, Violet Davis, Frieda Camper, A. Friend John Bergschneider, Robert Barnes, T. C. Jenkinson, Dr. Ellsworth Black, Albert Swain and Louis Boddy.

Volunteer workers for the War Relief campaign start next Wednesday and are needed and are invited to attend a meeting in the New Dunlap hotel Tuesday evening at 7:00 o'clock.

**Five Nines Enter "Y" Baseball Loop**

An additional team, The American Legion Juniors, are organizing a team to enter the "Y" hard baseball league. The team will probably play a practice game Wednesday afternoon. This is the fifth team to enter the league. Other teams interested in entering the league may communicate with A. D. Hermann.

Games on Monday and Thursday will be at the State Hospital and on other nights at the H. S. field. The games will begin at 8 p. m. The schedule for the coming week of practice games follows:

Monday, State Hospital, Redlegs vs. Andy O'Neil.

Tuesday, H. S. field, Jacksonville Cubs, vs. C.C.C.

Wednesday, H. S. field, American Legion Juniors vs. C.C.C.

Thursday, State Hospital, Redlegs vs. Jacksonville Cubs.

Friday, H. S. field, C.C.C. vs. Andy O'Neil.

**FUNERAL NOTICE**  
Funeral services for Miss Mayme Murphy will be held Monday morning at nine o'clock at the Church of Our Saviour, with interment in Calvary cemetery. The remains will be at the John M. Carroll Funeral Parlor until the time of the services.

**VISITS IN DANVILLE**  
Miss Irene Hicks of North Fayette street has been spending the past four days visiting Miss Betty Bennett in Danville.

## Memorial Services Largely Attended

Program Is Presented At Arenzville; Other News Of Arenzville

Arenzville, June 1.—A large crowd attended the memorial services in the park Thursday afternoon. The following program was presented.

Introduction—Homer Dahman.  
Invocation—Mr. Adams, chaplain of the American Legion of Beardstown.  
Song, "America," sung by audience led by four members of the Arenzville Woman's club, Mrs. Harold Westler, Mrs. Farrell Cooper, Mrs. Lee Beard and Mrs. Albert Koerber.  
Address—Rev. K. B. Neumann.  
Song, "Battle Hymn of Republic," sung by the audience led by members of the Woman's club.  
National Anthem—Beardstown band.

Following the program the group marched to the cemetery where the American Legion chaplain offered prayer after which the Legion members fired three volleys of salutes followed by taps.

**News Notes**  
Ralph Clark and Earl Schnake, Arenzville entrants in the Relaya Decoration Day, brought home 131 points. Ralph won the high jump, took second in the pole vault and fifth in the broad jump. Earl won fourth in the 220 and tied for fourth in the high jump.

Mr. and Mrs. Gus Bailey, Mr. and Mrs. William Bailey, Mrs. Minnie Hendrickson and daughter, Marjorie, and Miss Helen Stua of East St. Louis, Ill., Mr. and Mrs. Lewis Hall and family and Mr. and Mrs. William Manker of Pittsfield and Mrs. James Manker and son of Baylis spent Decoration Day with Mr. and Mrs. Leslie Manker and family.

Miss Helene Thelen, Miss Muriel Nicol, Misses Ethel Eulen and Inez Witte, Misses Marjorie and Mildred Roegge, Miss Norma Natemeyer, Miss Marie Lovekamp, Miss Norma Huppe, Robert Witte, Robert Kirchler, William Natemeyer and William Tunum attended the Field Day at the Concordia Seminary at Springfield Thursday.

F. Thelen is confined to his home because of illness.  
Mr. and Mrs. Leslie Manker and family moved Thursday from the Otis Willey property formerly occupied by Mrs. Catherine Hurley and Mr. and Mrs. C. W. Long.

Mrs. Werner Lovekamp and Mrs. Lee McGinnis visited Friday with Lee McGinnis who is a patient at Our Saviour's hospital in Jacksonville.

Among those from a distance who attended the commencement exercises for the graduates of the Arenzville high school in the gymnasium Wednesday evening were: Mr. and Mrs. Sam Walters, Mrs. Florence Ransom, H. J. Ransom and Mrs. Clarence Roberts and daughter of Beardstown, Mrs. George Quigg of Virginia, Mr. and Mrs. Walter Wessler of Jacksonville, Melvin Peck and Sterling Peck of Mt. Sterling and Mr. and Mrs. Julius Nelson of Pearl.

Mrs. Emma Ommen, who has been staying at the home of Mr. and Mrs. M. R. Ommen of Chapin, is spending the week end at her home here.

Mr. and Mrs. Noah McGinnis of Rock Island, Mr. and Mrs. Russell McGinnis and son, Gary, and Eugene McGinnis of Indianapolis, Indiana, and Miss Anna McGinnis of St. Louis, Mo., arrived Friday night for a visit with Mr. and Mrs. Lee McGinnis and son and Mr. and Mrs. Werner Lovekamp and daughter.

**Burglars Visit 3 Filling Stations**

Two on South Main and One At Chapin Robbed Of Cigarette Money

Burglars who were content with the change they found in cigarette vending machines visited three filling stations in Jacksonville and the county Friday night. Two stations in this city and one at Chapin were entered.

A window at the Speaker filling station and lunch room at South Main street and Michigan avenue was pried open, and contents of a vending machine stolen. The same method of entrance was used at the Mobilgas station, South Main street and Vandallia road.

The Gulf station at Chapin was burglarized, a small amount of money and cigarettes being taken. Sheriff Williamson and deputies visited the three places and started investigations. They were joined by the police in probing the burglaries on South Main, which are a short distance outside the city limits.

Each burglary bore indications of having been the work of the same person or persons.

**Social Events**

**Mrs. George Regan Entertains for Guest**

Mrs. George Regan, 935 South Diamond street, entertained Friday night for Mrs. Earl Albers, formerly of Joplin, Mo. Bunco was played and refreshments served. Prizes were awarded as follows: First, Mrs. Forrest Devore; second, Mrs. Frances Brooks. Present were Mrs. Brooks, Mrs. Joe Mann, Mrs. Virginia Longman, Mrs. Julius Smith, Miss Ellen Sweeney, Mrs. Forrest Devore, Mrs. Mae Pease, Mrs. George Regan, Mrs. Earl Albers, Kiltie Perry and Eileen Perry.

**Armstrong county, S. D., is the only county in the entire United States which does not have a postoffice.**

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## Evidence Hitler Blitzkreig Borrowed From U. S. Plans

which took shape in Germany after that was a striking parallel to the American plan in all its principal characteristics.

Agents from this country, working in Germany, described it as a "conscious imitation."

**Plan in Austria**  
The similarity was sharply illustrated in the Nazis' very first conquest—the "Anschluss" with Austria.

Immediately after occupying Vienna, the Germans made a census of Austrian industries and allocated their respective share in supplying war needs—in identically the same way as the same step is outlined under the American plan.

Then came the invasion of the low countries, and the repeated overpowering blows against the allies which military men agree can be explained only by highly concentrated resources poured into the fighting front through ultra-efficient lines of communication.

This method of "winding up" for a "haymaker" punch and following through with all the strength the nation can muster is the very essence of the American mobilization scheme. The first question that came to mind when I first received this information was: Can this plan make that much difference in a land already highly organized by a dictatorial government?

**Finland, Ethiopia**  
The answer given to me was that Italy and Russia have authoritarian governments, too, yet neither the Ethiopian campaign nor the Finnish war produced such smashing blows as the Germans delivered in Holland and Belgium.

Further, it was pointed out, all news dispatches from the Flanders front stress the greater striking power of the Germans have now as compared to the World War, when they also had an absolute ruler, the Kaiser.

The second question that arose was: If we have a plan as efficient as all that, why aren't we using it ourselves?

The answer is that whereas Hitler could take advantage of his personal power to adopt the plan in peacetime and extend it to regiment a people, the army and navy of our democracy cannot—nor have they any desire to—use it until war threatens and Congress gives the word.

The advantage to this country if the plan should go into effect would be that the United States has more resources than Germany to pour into it.

## Greene County's 1940 Population Is 20,291 People

Several Towns Show Gains While Rural Districts Decrease Slightly

Greene county's population has been announced as 20,291 persons by the district census office, this figure being a slight decrease compared to 1930 when the county had 20,417 inhabitants. The decrease occurred mostly in rural areas as several towns in Greene county showed a gain, particularly White Hall and Carrollton which picked up several hundred inhabitants.

Figures for all Greene county towns and townships follow:

## Auto, Truck Collide Near Manchester; 3 Women Are Injured

Large Transport Truck And Roodhouse Car Damaged Last Night

Manchester, June 1.—Three women were injured in a collision between an auto and a large transport truck tonight about a quarter-mile north of Manchester. The injured were Mrs. Harold Amos, her daughter, both of Roodhouse, and her mother-in-law of Washington, D. C.

The auto was driven by Harold Amos of Roodhouse who was uninjured. The accident occurred when the Amos automobile was struck by the truck entering the pavement from a gravel road. The large truck was completely overturned in the collision. The driver was not identified.

The Amos auto was badly wrecked and was taken to the Worcester Garage in Roodhouse. The vehicle was a Chevrolet sedan.

The extent of the injuries to the persons in the vehicles was not learned last night.

## Ashland Class Has Graduate Program

Exercises Held For Grade Group; Other News Notes Of Ashland

Ashland, June 1.—The grade school graduation exercises were held Friday afternoon at 2:30 p. m. in the high school auditorium. The program was as follows:

Processional—Miss Mildred Thornley.  
Invocation—Rev. Fred Martin.  
Class History—Maxine Bryant.  
Class Pledge—Robert Newell.  
Instrumental selection—"Sunset Reverie" and "Mutual"—Christine Reuter.  
Edna Mae Aggett, Betty Allen, Robert Newell, Jean Christen and Vincent Doolin.

Reading, "The Little Skeezix"—Vincent Doolin.  
Class Will—Mary Jean Christen.  
Reading, "The Owl Critic"—Robert Newell.

Group of songs, sixth grade chorus—"Comely Swain," "On a Railroad Train," "The Spring Day," "Spring is Tossing Flowers."

Presentation of Basketball Letters—James E. Frye.  
Presentation of Poetry Awards—Mrs. Grace Jenkins.  
Presentation of Citizenship awards—Harry W. Trumpe.

Presentation of Diplomas—Harry W. Trumpe.  
Benediction—Rev. Fred W. Martin.  
Recessional—Miss Mildred Thornley.

Members of the graduating class were: Edna Mae Aggett, Betty Allen, Maxine Bryant, Mary Jean Christen, Mary Davidson, Joe Devlin, Vincent Doolin, Helen Louise Gibbs, Christine Mullen, Raymond McGraw, Bobby Newell, Darrell Price, Billy Quinley, Albert Yancy and Jesse Keel. Herbert Hixbs had the honor of receiving the citizenship award.

**News Notes**  
An interesting letter was received by Dr. and Mrs. R. O. Beadles from U. J. Sinclair of Calipatria, California, telling of the earthquake in Brawley, Calif., just nine miles from Calipatria. Mr. Sinclair and family moved about a year ago to California from this city. This was their first experience of an earthquake.

Mrs. Hilda Stevens entertained the following at a bridge party at her home Friday afternoon: Mrs. Dorothy Volsmer, Mrs. Stuart Brownback, Mrs. George Walker, Mrs. Darrell Walker, Mrs. Edgar Lynd and Miss Lois Wyatt.

Mrs. Winifred Gill is visiting in Chicago at the home of her daughter, Mrs. Donald McFeely.

Ralph Graham of Kansas City, Mo., spent Thursday here with former Ashland friends.

Mrs. Harry J. Lohman and sister, Miss Clarice Reich left Friday morning to attend the commencement exercises of the former's daughter, Rachel, who has finished graduate work at Garrett Biblical school, Northland University in Evanston, Ill.

Mrs. Sidney Grogan and children of Indianapolis, Ind., and sister, Miss Joanne Gardner of Decatur are here on a visit at the home of their parents, Mr. and Mrs. John Gardner.

Mrs. Charles Swan spent several days visiting relatives in Stonington this week.

Mr. and Mrs. Russell Jones spent Friday in St. Louis.

Mrs. Wm. Settles of Greenlee is here visiting at the home of her sister-in-law, Mrs. Howard Mullen.

Clifford Clark of Taylorville visited here Friday at the home of his parents, Mr. and Mrs. Wilbert Clark.

Mr. and Mrs. Arthur Montgomery of Milwaukee, Wis., were Friday visitors here at the home of their cousin Mrs. Tilford Bowman and husband.

Mrs. Wm. J. Newell was taken seriously ill at her home here Thursday and little hope is given for her recovery.

**REV. J. L. THOMPSON IS S. ARMY SPEAKER**

Rev. Jesse L. Thompson, teacher of Bible history adult history was the Salvation Army speaker at the Central Park meeting last night. He used as his subject, "Where are the nine?"

**COMMEMENT GUESTS**  
Robert Erd of Waterloo, Ill., and Mrs. Rose Varner of Pittsfield are guests at the home of Mrs. W. H. Cocking, 906 West State street, during the MacMurray college commencement events.

**TAKES OVER BUSINESS**  
Charles Preston has taken over the Stout Coal company and will operate it as the Charles Preston Coal and Feed company.

## PUBLIC HEARING FOR REPUBLICANS MONDAY

Chicago, June 1.—(AP)—The state Republican party's pre-convention platform committee will lend an ear to the rank and file in Chicago Monday afternoon.

Senator Arnold P. Benson of Batavia, its chairman, announced today the committee would hold its second public hearing at 2 p. m. (CST) in the hotel LaSalle.

As at the first session in Springfield, all persons interested in the party's welfare will be given an opportunity to express their views of what should go into the 1940 platform when the Republican convention opens in Springfield June 14.

## Memorial Services Held at Murrayville

Program Is Presented Wednesday; Other News of Interest

Murrayville, June 1.—Memorial Day services were held here Thursday afternoon in the Murrayville cemetery. The program was as follows:

Call to order, Mrs. M. J. Benscoter, program chairman.  
Song, "America," by audience.  
Pledge of allegiance to the flag led by Mrs. Guy Smith.

"Chaplain's prayer," Mrs. Harry Stringer.  
"Memorial tribute," Miss Margaret Walsh, unit president.  
"The Supreme Sacrifice," Mrs. M. J. Benscoter.

N. C. Monument for the Soldiers," Mrs. N. C. Carlson.  
Roll call of deceased members, Commander of American Legion Post, Guy W. Smith.

Placing of flowers by children.  
"In Memoriam," Mrs. Edward Tendon.  
Silent prayer.

"Prayer for Universal Peace," Lloyd Ogile.  
Firing squad salute in charge of A. K. Stansfield.

At the close of the program, services were held at Bethel cemetery and the soldiers graves decorated.

Among those from out of town who attended the services were Mr. and Mrs. George Bates, Weldon; Mr. and Mrs. A. L. McDevitt and Mr. and Mrs. Wm. Brown of Hettick; Mrs. E. R. Clemmons of Springfield; Mr. and Mrs. Edward Ketter, Mrs. Mary E. Tilden, Mrs. Ethel Wright, Mrs. Maude Raugh, Mrs. Gus Osborne, Mrs. Sarah Wade and daughter Rachel of Jacksonville and Robert Osborne of Royal Oak, Mich.

**News Notes**  
Benny Stansfield, son of Mr. and Mrs. A. K. Stansfield who is a junior in the Jacksonville high school, tied for third place in judging fat stock at Jerseyville Saturday with Merritt Loomis of Jacksonville. They flipped coins and Stansfield won, which entitles him to go to Champaign the 13th and 14th of June with the other two winners, Roy Ward and Carmen Potter.

## Hog, Cattle Prices Hold Fairly Steady

Chicago, June 1.—(P)—Hog and cattle prices held fairly steady this week and lambs were strengthened by reduced receipts.

Today's trade was dull and prices were steady, with not enough hogs on sale to test the market. Receipts included 4,800 hogs, of which 4,500 were direct, 200 cattle and 6,000 sheep, with 5,500 direct. The quotable hog top was \$5.60 compared with \$5.65 yesterday and was near the lowest level in six weeks.

Average price of hogs yesterday was around \$5.13 compared with \$5.32 a year ago. Hogs scaling around 250 pounds or less showed little change from a week ago while heavier weights and sows were 10 to 15 lower. Fed steers and yearlings were steady with a week ago. She stock rose 25 cents but vealers lost 50 cents to 31. The cattle top was \$12.40. Fed and spring lambs gained 10 to 25 cents during the week, with best native springers bringing \$12.25.

The livestock market withstood the impact of war abroad during May in fairly good shape. Elimination of the Denmark meat supply from Great Britain was expected to divert business to American markets but this has not materialized as yet. General weakening of commodity markets, particularly hogs and grains, was reflected in livestock prices but broad domestic consumption supported values and slaughter steers actually sold 25 to 35 cents higher than in April while hog cost averaged fully 20 cents higher and was the best for any month since October.

East St. Louis Livestock  
East St. Louis, Ill., June 1.—(P)—(U.S. Dept. Agr.)—Hogs, total receipts 1500, salable 500, scattered lots 150-230 lbs. 10-20 higher at \$5.60/65 with one lot choice around 200 lbs. \$5.70, compared with close last week: 180 lbs. 5-10 higher; 160 lbs. down 25-40 higher; sows 13-20 lower.

Cattle, total receipts 175, salable 25; calves, total 125 salable 25; compared with close last week: steers, butcher yearlings and beef cows steady; bulls 25 lower; vealers 25 higher; replacement steers 15-25 lower; tops for week: 1175-lb steers \$10.50; 1097-lb yearling type steers \$10.25; 1313-lb steers \$10.25; 780-lb heifers \$9.85; 785-lb mixed yearlings \$9.75; cows \$7.50; sausage bulls \$6.50; vealers \$10.00; replacement steers \$9.00.

Sheep, total receipts 1500, none salable; compared with close last week: spring lambs 25-50 lower; native and western clipped lambs 25 lower, spots off more; slaughter ewes 50 lower; top spring lambs for week \$12.00, closing deal \$11.50 down; bulk good and choice \$10.50/11.50; top clipped lambs \$9.50; bulk native and western clipped lambs \$7.50/8.75; two-year-old wethers largely \$3.75/6.00.

## New York Stock Market

New York, June 1.—(P)—War imponderables continued to act as a drag on stock market buyers today and leading issues were permitted to slip fractions to a point or so.

While the fact that dealings were negligible from the start—transfers for the two hours approximately 300,000 shares, smallest since early May—provided a little encouragement for bullish forces, few were disposed to reach for favorites because of fears Italy would enter the conflict on the side of the Nazis during the week-end. Brokerage quarters warned of the possibility of a fresh market shock in the event of a quick Italian shift and a new Hitler blitzkrieg.

At that, lack of any real pressure of many that the administration's offerings was attributed to the better huge rearmament program would give numerous industries a "shot in the arm" and more than offset dislocation of this country's foreign trade occasioned by further reverses to the Allies.

Among resistant shares were American Telephone, Southern Pacific, Sperry, Allied Chemical and Phelps Dodge.

## Nicholas Short On Tax Collections

State Bookkeeper Involved  
At Time of Death

Springfield, Ill., June 1.—(P)—The state department of finance reported today that Wilson Ross Nicholas, a bookkeeper in the state auditor's office who was found fatally shot in a tourist camp near here May 14, was involved in a sales tax collection shortage of \$1,900.

The shortage was reported in a letter by G. T. Gaskins, a supervisor for the state department of finance, read at the inquest into Nicholas' death. The letter said Nicholas apparently had made collections from ten business houses in central Illinois but had not turned the money over to the state.

All Mdse. accounts are now due and payable at the store.

## "HELPED ME AS GREATLY AS IT DID HUSBAND," SAYS MRS. SIX

Bluffs Lady Declares She Soon  
Started on Nates When She  
Saw His Big Improvements.  
Now Tells of Own Grand Relief.

Mrs. George Six

When constipation has you upset and affects your appetite, makes you lack pep, feel dull, tired and run-down, causes you to suffer with headaches, nervousness, offensive breath, excess gas and bloating after meals, or aggravates such troubles as backaches, so-called rheumatic pains, etc., why not visit Gilbert's Pharmacy, 35 South Side Square, and give Nates a "chance to help you"? Nates does not cure. Only nature can do that. But thousands tell how Nates so often brings wonderful relief in such conditions.

For instance, Mrs. George Six, prominent resident of Bluffs, Ill., says:

"When I saw how greatly Nates helped my husband, nothing could stop me from trying this grand medicine for myself. And it helped me just as wonderfully as it did him. Ever since I began using it several months ago, it has had my bowels working thoroughly and gently every single day. To say that I'm feeling like a different woman now is only to state the facts."

"I can hardly wait for mealtime now, although formerly food distressed me so with sourness, gas and heartburn that I didn't care much whether I ate or not. You know that

life itself seems brighter when you can eat and enjoy every meal. "I don't think that I ever slept more soundly than I am right now, and that means a lot to me too after the restless broken sleep I had been getting for years previously. Yes, I'm only too glad to join my husband in praising a medicine like Nates, and I knew that we'll never be without it in the house."

If you suffer like Mrs. Six, visit Gilbert's Pharmacy, 35 South Side Square, and give this grand medicine a trial. Try it for just 30 days. Learn how it can help you too. Nates is also sold by most all other leading druggists.

\$100 REWARD will be paid to first person proving that we ever knowingly or willingly used a testimonial that was not genuine and true in every respect.

## PROOF—Not Claims!

## Road Tests Show SEIBERLING'S

New "SAW-TOOTH" TREAD  
WEARS 10% SLOWER!

Seiberling's Special Service Tire has always been a "bear for wear"—the most popular tire we ever sold. But now Seiberling engineers have made it tougher than ever—given it a new "Saw-Tooth" tread that wears 10% slower by ACTUAL TEST!

The photographs above are from actual comparative tests. Two Seiberling Special Service Tires with the NEW tread were put on each test car with two of the former design. Three shifts of test drivers then drove these test cars day and night—1,000 miles every day over blistering Florida roads. All tires were rotated to different wheels at the end of each driver's run to make certain that each tire had exactly the same amount of wear.

You can see for yourself how much slower the new Seiberling "Saw-Tooth" Tread wears—how much more safe mileage it gives you!

We are fully equipped to repair or vulcanize all sizes of Tractor, Implement or Truck Tires.

## SEIBERLING TIRES

## Klump

THIS IS AN UNRETouched PHOTOGRAPH Run exactly the same mileage on the same test car, these two tires clearly show the advantages of Seiberling's NEW "Saw-Tooth" Tread. It wears 10% slower—gives extra thousands of safe miles.

Notice of Hearing of a Proposed

Amendment to the Zoning Ordinance.

Notice is hereby given to all persons interested that a hearing will be had before the Zoning Board of Appeals of the City of Jacksonville, on the 18th day of June, A. D. 1940, at four o'clock p. m. at the Council Chamber in the City Hall in said city on a proposal to amend the Zoning Ordinance of the City of Jacksonville by changing the classification of the following described parcel of real estate to-wit: The East 200 feet of Lot Seven (7) in Church's Heirs Addition to the City of Jacksonville, Illinois, from Residential District use to Local Business use.

Dated this 1st day of June, 1940.

Zoning Board of Appeals of the City of Jacksonville, Illinois.

## SERIAL STORY

## —ROMANCE AHEAD

BY TOM HORNER

COPYRIGHT, 1940, NEA SERVICE, INC.

## DANGER

YESTERDAY, Larry is taken to Dead Man's Curve and Bentley outlines how the murder of his brother was committed. Larry is to die the same way. It is well planned with Bentley's men helping. As he gets ready to kill Larry, Monnie's voice calls to Bentley. Bentley is off guard. Larry awakes at Mike's club, grabs the gun.

### CHAPTER XV

BENTLEY pulled the trigger as Larry's fist crashed against his jaw. The bullet grazed Larry's shirt, buried itself in the door. Larry jerked the gun away as Bentley slumped in the seat, out cold.

Then he was out of the car, searching the darkness, shouting—"Monnie! Monnie!"

"Larry!" She ran across the road to him.

"Don't shoot. Collins. Everything under control," came another voice. Colonel Harris!

Monnie's arms were around him. "Larry, darling! Are you all right? That shot?" Tears were streaming down her face.

He kissed her. "I'm not hurt. He missed."

Colonel Harris was beside him. "Good work, Collins. Got all of them. Bentley?"

"In the car. Had to sock him. That shot was for me." Harris left them to pull Bentley, still unconscious, from the seat. A car rounded the curve slowly, its headlights illuminating the scene. Bill and Shultz were standing beside the highway, hands in the air. Two highway patrolmen guarded them. A third officer came down the hill, pushing a protesting Joe in front of him.

"We'll get the one in the canyon later. He can't get far," Colonel Harris shouted.

Bentley roused as handcuffs snapped on his wrists. "What . . . What . . ." he mumbled. Harris jerked him to his feet.

"You lost this time, Bentley. You fell into a trap. You're through!"

The sheriff was getting out of his car.

It was not until Bentley and his men were headed toward town in Mike's own car that Colonel Harris explained.

"This was all Mike's idea, Collins. You have her to thank for saving your life." Larry

squeezed her tighter to him. He had never released her.

"She figured Bentley perfectly," Harris went on. "Bentley got away with Hugh's murder. He thought he could do the same thing with you."

"Miss Miles, here, had to make him decide to get rid of you himself, and she wanted him to keep remembering Hugh."

"That's why I had to tell him you were Hugh's brother," Monnie broke in. "That's why I pretended to hate you."

"Miss Miles called us as soon as she got away from Bentley's," the highway patrol chief continued.

## Harold M. McCarty Weds Helen Russel In June Ceremony

Wedding Takes Place Saturday Afternoon at Home Of Bride

In a beautiful ceremony held Saturday afternoon at 4:30 o'clock at the home of the bride's parents, Miss Helen Louise Russel, daughter of Mr. and Mrs. John H. Russel, 238 Caldwell street, became the bride of Harold M. McCarty of Chicago, son of Mr. and Mrs. O. J. McCarty of this city.

The ceremony was performed by Rev. W. C. Meeker, before a group of relatives and close friends. The single ring service was used. The marriage vows were taken before the fire place which was banded with white, making a lovely background of green and white. White candles were used effectively in the floral setting.

The bride was given in marriage by her father. She was attended by her sister, Miss Lella F. Russel, as maid of honor. Thomas Ketter, of Chicago, served the groom as best man. The bride was attired in a lovely gown of white eyelet organza, made with full skirt, floor length, fashioned with an Eton jacket. The sleeves were short, and shirring formed a heart-shaped neck line. She wore a cap of French veiling with orange blossoms forming a tiara. Her flowers were arranged in colonial bouquet of white roses, white sweet-peas and lilies-of-the-valley, with long streamers of bridal ribbon.

The maid of honor wore a dress of sheer Taffeta in ice blue, made floor length. A fitted jacket with puff sleeves gave a quaint effect to the full skirt. White lace was used at the neckline. Her cap was of French veiling with pink and ribbon band and for-get-me-nots. Pink roses and sweet peas formed her colonial bouquet.

The men of the wedding party wore white suits with boutonnieres of white roses.

The bride's mother wore a light blue bemberg gown and her corsage was of gardenias. Mrs. McCarty, the mother of the groom was attired in a dress of smoky brown beige gorette with white accessories and her corsage was also of gardenias.

Following the ceremony refreshments were served on the sun porch, where Mrs. George Merrill and Mrs. Waldus Bealmer presided at the table, which was centered by a large bouquet of flowers. A three tiered bride's cake was also an attractive feature of the table appointments. The cake was ornate in design, topped with a miniature bride and groom.

Others assisting were Miss Katherine Barr, Mrs. Charles Burch, Mrs. Thomas Ketter of Chicago, Miss Rosemary Madden of Stronghurst, Mrs. John Cully, Miss Marjorie Smith of Shanghai, China.

Those assisting in receiving were Mrs. John Russell, Jr., Mrs. J. Frank Strawn, Mrs. C. R. Machen, Mrs. Russell Ezard of Mattoon, Mrs. George Rogers, Miss Louise Stark, of Bement, Miss Maurine Roodhouse, of Bement. Miss McCarty graduated from Illinois College with the class of '36. While in college she was prominent in campus activities and was a member of Sigma Phi Epsilon, society. She attended Western Teachers college and taught one year at Naples and three years at the Jefferson school in this city. Since the announcement of her wedding date, she has been the guest of honor at many parties and bridal showers.

Mr. McCarty attended Illinois College, two years. He graduated from the Chillicothe Business College, Mo. He is auditor of the National Retailers Insurance Co., Chicago.

The bridal couple left immediately following the reception for a brief wedding trip to the Ozarks. They will reside in Chicago at 1756 Jonquil Terrace.

## CONCORD GRAMMAR PUPILS MAKE TRIP TO ST. LOUIS, MO.

The grammar room of the Concord grades visited Forest Park zoo and Highland park at St. Louis Friday. All the children of the room got to go with the exception of Paul Nickel who is ill with an ear infection. A basket dinner was enjoyed at Highland park at the noon hour. Besides seeing the different animals and birds three animal shows were enjoyed in the afternoon.

## Annual Meeting of College Alumnae Association Held

Mrs. Rhoda Olds Samore Is Re-elected President of MacMurray Group

The Alumnae Association of MacMurray College held its annual luncheon and class reunions Saturday at 12:30 in McClelland Hall. Miss Norma Perbix, vice-president of the organization, opened the meeting and introduced Miss Beatrice M. Teague, adviser of the graduating class, who presented her class to the Alumnae Association. Acceptance was made by Mrs. Irma Elliott Johnston, after which Miss Juanita Van Meter, president of the class, made the response. Miss Perbix then presented Mrs. Mary Louise Powell Jenkins, '15 of Bethlehem, Pa., who acted as toastmistress. Mrs. Christine Colner, Governor of the class of '25 played two violin selections. Mrs. Lillian Hurlburt Gist of the class of '75, who flew here from Tampa, Fla., for commencement, was presented and gave a short greeting. From the class of 1890, celebrating their fiftieth reunion there were seven members present. Mrs. Bess Mathers Goebel was the sole representative of the class of 1900. Mrs. Alice Wadsworth Applebee brought greetings from the class of 1905 with several members present. Greetings were also from the class of 1910. Five members of the class of 1915 were present. Mrs. Ruth Harker Hunt represented the class of 1920 by extending greetings to the Association. From the class of 1925 Mrs. Beatrice Hasenstab Kraft of River Forest spoke in behalf of her class. Miss Ann Bonansinga led the class of 1930 in vocal expression of their loyalty to the college. Greetings from the youngest class, reunion that of 1935 were brought by Helen Wright.

Following the class greetings Miss Winona Rawlings sang a solo accompanied by Miss Mahala McGee. The meeting closed with the candlelight toast given this year by Miss Catherine Goebel. Following the toast the Alma Mater was sung.

## Laura E. Buker Will Wed Roger Henning

Announce Engagement Of Former Jacksonville Resident; Wedding June 16

Rev. and Mrs. C. P. Buker, 418 Washington St., Quincy, announce the engagement, and approaching marriage of their daughter, Laura Elizabeth, to Roger E. Henning of Chicago.

Dr. Elizabeth Buker is a graduate of MacMurray College for Women and of Northwestern University medical school. For the past year she has been resident in surgery at Hennrich hospital in Chicago.

Dr. Henning is a son of Mr. and Mrs. H. H. Henning of Chippewa Falls, Wisconsin. He is a graduate of the University of Wisconsin and of Northwestern University medical school. The couple is planning to go to Washington, D. C. next year where they both will continue their medical work. Dr. Henning is to start his training in psychiatry in St. Elizabeth hospital of that city.

The wedding ceremony is to be on June 16th in the chapel of the Fourth Presbyterian church of Chicago. The father of the bride will officiate.

Dr. and Mrs. Buker formerly resided in this city, while Dr. Buker was superintendent of the Jacksonville Methodist district.

## Twenty-one Cars In Woodson Graduates Burlington Freight Start Journey To Train Are Derailed Washington Today

Accident Takes Place in Yards at Beardstown; One Man Injured

Beardstown, Ill., June 1.—Twenty-one cars of fast freight No. 73, on the Chicago, Burlington & Quincy railroad were derailed in the south end of the Beardstown yards at 6 o'clock Saturday night interrupting traffic for more than eight hours. One man was injured.

The freight train in charge of Conductor Charles Dann and Engineer D. E. Echerd, was entering the yards when one of the cars jumped the track derailing 20 other cars. It is believed that a broken wheel caused the derailment.

A man said to be George B. Buttlinger of Carbondale, Ill., riding on one of the cars received slight injuries and was given medical treatment at the Schmitt Memorial hospital.

Among the cars derailed were four cars of oil, two cars of strawberries and one car of gasoline.

Wrecking crews were quickly called to the scene and the work of clearing the wreckage got underway shortly after six o'clock. After the wreckage had been cleared from the right-of-way temporary repairs were made to the track and traffic resumed shortly after 2 o'clock this (Sunday) morning.

## T.P.A. POST MEETS HERE, TO ENTERTAIN OFFICERS AT MEET

Post O. T.P.A., met at the Pacific hotel last evening. State President H. D. Lavery presided over the large attendance of members who were enthusiastic on account of Post O. having been honored by his elevation to the highest position in the State of Illinois at their recent meeting in Belleville.

Secretary George Dewese appointed a committee consisting of J. A. Craig and L. P. O'Connell to arrange for the members and friends and ladies to entertain the state officers at an early date to be announced at the July meeting. Final arrangements were made for the delegates and ladies to attend the national convention to be held in Baltimore, Md., during the week of June 16. Those to attend from Post O are Mr. and Mrs. J. O. Cain and Mr. and Mrs. H. D. Lavery.

Mr. and Mrs. Paul Carpenter and son Myron and Mr. and Mrs. William Hull of near Jacksonville, and Miss Charlotte Newman of near Woodhouse, were Friday evening guests of Mr. and Mrs. Charles Newman.

Mr. and Mrs. Orville Owens of Chicago have spent the past few days here with his parents, Mr. and Mrs. Edgar Owens and daughter, Iva. They attended the graduation exercises held at Murrayville Friday evening. Miss Iva Owens was a member of the graduating group.

Mr. and Mrs. Edgar Owens and Miss Mary Burkley and Miss Mary Frances Hart also attended the Murrayville exercises.

Rev. Arle Vanderhorst was the speaker at Alsey graduation exercises held Friday evening.

Mr. and Mrs. George Wild of Chicago are week end guests of his uncle and aunt, Mr. and Mrs. Charles Wild and daughter, Alice.

## CHARLES W. MAGNER TO GRADUATE FROM NOTRE DAME TODAY

Charles W. Magner, son of Mr. and Mrs. James T. Magner, 339 East College avenue, is one of a class of 650 graduating from the University of Notre Dame today. Mr. Magner will receive a degree from the College of Commerce.

Mr. Magner attended the Parochial school of Jacksonville and graduated from Routh High school in 1936 as valedictorian of his class.

After July 1, he will be located in Schenectady, New York, where he will be employed by the General Electric company.

Mr. and Mrs. Magner and sons Paul and Charles left Saturday to attend the graduation ceremonies.

England exports about 800,000 bicycles annually, in normal times.

## Burl J. Merriman Of Bluffs Marries Julia L. Edmonson

Scott County Couple United In Saturday Wedding Ceremony

Winchester, June 1.—Burl J. Merriman of Bluffs and Miss Julia L. Edmonson, of Winchester, were united in marriage Saturday afternoon at one o'clock in a ceremony performed at the bride's home with Rev. F. V. Wright, pastor of the Winchester Baptist church, officiating. In the presence of relatives and a number of friends.

The single ring ceremony was performed before a candle-light archway formed with English ivy banded with ferns interwoven with pink columbines. Tall baskets of Hesperus were placed near the foot of the altar.

The bride was attired in a dress of rose spun rayon with matching accessories. She wore a corsage of pink rosebuds and blue delphinium.

A reception for the immediate families and friends of the bride and groom immediately followed the wedding ceremony. The bride cut the three-tier wedding cake which was surmounted with a horseshoe and a wedding bell surrounded by pink roses. The color scheme of pink and white was carried out throughout the appointments.

The bride is the daughter of Mr. and Mrs. James Edmonson of northwest of Winchester and has been teaching in the Eureka school near Winchester. She is a graduate of the Winchester high school and of state teachers college in Macomb.

Mr. Merriman is the son of Mr. and Mrs. Oscar Merriman of Bluffs. He is a graduate of the Bluffs high school and has been assisting with his father in farming.

Mr. and Mrs. Merriman left for a short wedding trip to Wisconsin. After June 8 they will reside at their new home northwest of Winchester.

Guests at the wedding included Mr. and Mrs. F. E. Miller of Kirkwood, Mo., Miss Laverne McKenna of Macquon, Ill., Mrs. Orls Edmonson and son, Lawrence of Kansas City, Mo., Mr. and Mrs. Kenneth Edmonson of Peoria, Ill., Mr. and Mrs. James Bailey of Andover, Ill., Mrs. Helen Ramit and daughters of Griggsville, Ill., and Dr. and Mrs. Ora Campbell of Astoria, Ill.

## Mrs. Margaret Ray To Conduct Schools

Home Economist To Have Charge of Canning Demonstrations in County

Mrs. Margaret Donnelly Ray, home economist, will conduct the canning schools to be held in Morgan county this week. The first session will be held in Franklin High school at Franklin, Ill., on June 6 at 2:30 p. m. Central Standard time with the ladies of the Franklin Home Bureau unit as hostesses. The second session will be held in the Methodist church at Meredosia, Ill., June 7, at 2:30 p. m. C.S.T., with the ladies of Progressive Home Bureau unit as hostesses.

An attendance contest will be held in connection with the school and any person above 10 years of age who stays thru one demonstration may be counted.

Mrs. Ray is a graduate of Indiana State Teachers' college, has taught home economics, served as home demonstration agent, then to her technical training and theoretical teaching, she added the practical experience of homemaking.

Mrs. Ray has the gift of adapting her subject matter and instructions to the needs of the group as a whole.

The public is cordially invited to attend. The canning school is made possible through the Household Science department of the Morgan County Farmers' Institute. Miss Juanita Coultas is president and Mrs. Charles Hadden secretary.

## Alumnae Members Have Luncheon, Class Reunions Here

MacMurray Groups Meet Saturday Afternoon at McClelland Hall

The annual business meeting of the MacMurray Alumnae Association was held Saturday morning at 10:30 o'clock with Miss Norma Perbix, president of the organization, presiding. The meeting opened with the reading of the minutes of last year's meeting by Miss Grace Plich, secretary. Following the acceptance of the minutes reports were given from the following Alumnae Associations: Chicago, Kansas City, Mo., Bloomington, Decatur, Springfield, St. Louis, Mo., Jacksonville, Peoria, Quincy and Rockford. Mrs. Crist and Mrs. Holden gave their report on the status of the portrait fund for Dr. Harker. Miss Genevieve Mount, alumnae secretary, gave a report of the library fund from the alumnae, the Loyalty fund and the Student Loan fund.

Miss Edna Osborne gave the results of the election for new officers. Mrs. Rhoda Olds Samore of Jacksonville was again elected president of the MacMurray Alumnae Association. Mrs. Mayme Kennedy Rataichak of Jacksonville was elected treasurer, while Miss Dorothy Remy and Mrs. Emily Allan Pay of Jacksonville were elected directors.

Following a discussion of a project to raise funds, the meeting was adjourned.

## Alex Rabjohns Is Honored By Union

Seventy Members of Structural Iron Workers Group At Farewell Party

About 70 members of the local union of Structural Iron Workers of the Illinois Steel Bridge company gathered at Nichols park Saturday evening for a farewell party for the superintendent, Alex Rabjohns, who is leaving for his new home in Rock Island this afternoon. A splendid luncheon was served and at its conclusion the president of the local union, Paul E. Dawson, in a few well chosen words presented Mr. Rabjohns with a beautiful wrist watch.

In thanking the members for the gift Mr. Rabjohns expressed his appreciation for the loyalty and co-operation of all his co-workers at the bridge company.

## CATHOLIC SOCIETY IN ALEXANDER HAS MEET

Alexander, June 1.—The Altar and Rosary society meeting was held at the Catholic Church hall Friday afternoon. Plans were made for the annual chicken fry. Refreshments were served by the hostesses, Miss Theresa Hermes, Mrs. Ernie Eck, Minnie Berchold, Mrs. Fred Hermes and Mrs. Frank Hermes.

The Catholic Council of Catholic Women will meet Sunday afternoon at the Catholic church at 2 o'clock, C. S. T.

Mr. and Mrs. Sidney Shoemaker are visiting relatives in Perry, Ill.

Mr. and Mrs. Frank Wallbaum and S. D. Whelan of Pleasant Plains were Friday evening guests of Mr. and Mrs. John Whelan.

Mrs. John Weigand, Betty Cass and Marjorie Gansbauer attended the piano recital at MacMurray college Thursday evening. Mrs. Weigand's niece, Rosemary Cosgriff, appeared on the program.

Miss Eula Yates and Martina Yates of New Berlin left Saturday for several weeks visit in Kentucky.

Gracie Gentry of Franklin is spending the week end with Mr. and Mrs. F. W. Neal.

Mrs. Leo Sehy of Jacksonville was a Saturday visitor of her parents, Mr. and Mrs. J. W. Reis.

Mrs. John Whelan received word today of the serious illness of her grandmother, Mrs. Lavina Settles, of Ashland.

The Alexander Woman's club meeting which was to be held June 5 at the home of Mrs. J. J. Zellar has been postponed until June 12 because of the County Federation picnic.

A bird's tail acts as a rudder in flight, as a brake in alighting, and as a balancer when perching.
